M. Giles M Roome
Dr Sir

Recd yours
& the money for Thois to day.
Enclosed find his receipt &
Express Recept. for Trunk sent
to-day to Paterson. I put in the
trunk everything I can find
belonging to you. I have spoken
to John about the boots out there
everytime he came in but he
forgets them. You must know
you are entirely wrong about
Lincolns bill, as I told you only
a short time before settlement
that of C & Co. that I did not have his
Amount. I will write more when
I have time & send you C & Co's bill
or will put it in the letter to your father.
In the meantime C & Co. have paid Lincoln
& the amt \$6⁰⁰ is charged to you in
our books— Yours, Wm Roome

Recd a letter from your father in yours & will answer it
as soon as possible.

I was very much surpris
when Thois told me you
was to be back in 2 weeks
for I knew you did
not mean to be & it looked
bad to me & that is why
I held your trunk. You
will remember you did
not say a word to me
about settling with Crowley
Co. & I took that coat
to help you, not that
I needed it, I did not
want you to go owing them.
I always helped you as well
as I could when you asked,
& if you had told me you
could not pay up when
you went I would have
tried to help you then. But
you done as you did & it looked
to me as if you did not care so I held

the trunk
