Bartholdi's Statue.

The statue of "LIBERTY ENLIGHTENING THE WORLD," is a grand conception, beautifully executed. We fear, however, that it more truly represents the poetic idea and aspirations of the enthusiastic Frenchman, than it represents America.

"In an all your trials and tribulations," said the old black man, "there is one place where you can always find sympathy." "Where?" eagerly asked his interested audience. "In de dikshunary," said the old man, rolling up his eyes.

In like manner we will always be able to find Liberty—on Bedloe's Island.

"The Literature of Sodom."

Certain papers, containing stale reports of crime, with pretended illustrations, have not inaptly been termed The Literature of Sodom. Hitherto the law has been powerless for its suppression. Never to buy a paper where any of the vile things are exposed for sale, would without doubt be an efficient aid in eradicating the great evil.

Beer Drunkards.

The beer drunkard is taking the place of the rum drunkard. The only difference is that the beer drunkard swills himself like a hog. A trough and a swill pail is all that he needs to make the likeness complete.

The "Valley Farm," John A. Zabriskie, "Shady Brook Farm," John N. Leamon, and "Mount Pleasant Farm House," Mrs. Wm. A. Ackerman, are the names of Summer resorts, mentioned in "Homes and Rambles on the Picture-que Erie."

Mrs. E. G. Roy has returned to her to her residence in Saddle River.

Hosey Osborn is on a tour through the Southern states, expecting to be absent altogether about five or six weeks. He is getting his first view of Southern life at Seaford, Del.

Mrs. M. V. Victor, the well known novelist, after a long illness, died at her home in Saddle River, on Friday, June 28th. Mrs. Victor, who was born at Erie, Penn., began writing at the age of 14, and continued her labors amid the cares of the beautiful family that grew up around her here, in her pleasant country home in Saddle river valley, where she has lived most of the time since her marriage to Mr. O. J. Victor, also a prolific author, in 1856.

Mrs. Smith, sister of Mr. Wager, occupies the Brooklyn residence during the summer.

A number of young men, desiring a place where they can spend the evenings in mutual improvement, have formed a club, and hired a room, which they will suitably furnish, in Zabriskie's building.

The ladies of the M. E. Church have been holding their weekly prayer meetings among their friends at Chestnut Ridge.

Jennings has put up 40 feet of patriotism—that at least is the height of his new flag staff.

John J. Straut has commenced the building of a house, adjoining that of his father, on the Allendale road.

A mad dog passed through the valley recently, biting several dogs on the Garret A. N. Ackerman place.

Attention has been called to the bad effects of building a schoolhouse where the road must be the playground and the filtrations of a graveyard, loaded with the seeds of disease and death, the drink of the children for a generation to come. The purchase of an acre east of the church, either at the foot of the hill or on the flats on top of the hill, would be an easy and efficient remedy.

John Hill.

HON. JOHN HILL died at his residence at Boonton, N. J., July 24th, at the age of 63 years. A member of Congress during the era of reconstruction, he was ever the untiring, unwavering friend of liberty and enfranchisement for the colored race. Easily approachable, he was always ready to listen to the suggestions, or attend to the requests of the humblest of his constituents. The postal card and two cent postage are among the results of his labors in Congress. Our first vote for Congressman was cast for John Hill in 1870.

The annual summer fair and festival of the Ladies' Social Union, of the Lutheran Church, will be held in Zabrickie's Hall (formerly Saddle River hotel) on Tuesday evening, the 5th inst. Those who attend may expect an excellent entertainment.

Of city people in Saddle River, the Palmer family are enjoying the summer at O. W. Jennings, and the Kresses and Heisebuttel are located at William Ackerman's. A number of others are sojourning at H. C. Dennett's.

Mr. Bogert and family, of Brooklyn, are occupying the cottage with Mrs. Ruth Walters near Hohokus.

The parson and his wife have settled down to the sober realities of housekeeping.

All is yet quiet politically, and the burning of Winter's surplus of fireworks, in a joint ratification of the nominations of the Plumed Knight and his opponent, is the only demonstration which has yet been made.

The new head of the store business is shoemaker John D. Berdaa.

Mrs. Ellen Lewis, of Chestnut Ridge, has brought an action for \$10,000 damages against the Erie R. R. for the death of her husband who died from injuries on the Brauch Road crossing, Jan. 8th, 1883. The man who would keep an open pit by the wayside would be held strictly accountable for all the damages resulting from his action. The corporation that keeps an open man-trap should be treated in the same way.

Peter J. Demarest with the aid of his dog, dealt out death and destruction to a bloody "hen weasel" which he caught making havoc among the inmates of the poultry coop a few nights ago.

A band of robbers made a raid on the country wagons going to Paterson market before light recently, and for a time the wildest excitement prevailed. James Bartow and Ira Christopher were among those who were attacked. The precise amount of losses is not known, but that a basket of green beans was removed from somebody's wagon does not admit of a doubt. After this, every countryman will carry a gun in his pocket whenever he goes to Paterson in the midnight hour.

COUNTRY PEOPLE NOT SOCIALISTS.

THE LABOR PARTY, so called, will, it is asserted, have a candidate in the field for the next Presidency. It is expected that he will get a large vote in the cities, but politicians are anxiously asking if he can get a corresponding support in the country. We think not. A Granger goes on a booze sometimes, but hardly ever keeps himself in soak long enough to get the jim-jams, much less to become an anarchist or socialist. No, sir, a Granger would't touch Mr. Hennery Gawge with a ten-foot pole.

Lizzie, the wife of Nelson Carlock, died April 26th, after an illness of several week's duration. Deceased was the only daughter of the Hon. Peter R. Wortendyke of Chestnut Ridge. She was 27 years of age, and had been married about four years, but leaves no children. The funeral took place at Paqcaek, on Friday, the 29th. Among the flowers were some very beautiful *Calla lilies* and a pillow, with the simple, touching words, "Our Sister." Appropriate remarks were made by the Rev. J. V. Bodine, and a sermon preached by the Rev. Lodewick from Psalm cii, 24, O, my God, take me not away in the midst of my days.

The wife of F. Blackledge has long been a great sufferer from nervous disorders, which have finally affected her, so that a removal to the asylum at Morristown has been found necessary. The afflicted family have our sincere sympathy.

Ackerman, George Osborn; Poundkeepers, Ambrose L. Austin, Mark Dewsnap, Abm. H. Hopper, Abm. Quackenbush, Jacob O. Ackerman, etc.

An appropriation of \$2000 to begin macadamizing the main roads of the township was carried by the live voters of both parties. A card issued from the LANDSCAPE office voiced the sentiments of the progressives as follows.

MACADAM

The first thing a man who is in search of a home in the country now asks, is: Have you good roads?

Everywhere macadam is the symbol of growth, progress and prosperity.

Once let it be begun and the property of every man in Orvil will be increased in attractiveness and value.

Only do our duty now and the whole township of Orvil,—Allendale, Waldwick, Hohokus and Saddle River,—will soon be one great, beautiful suburban village.

Only a narrow, short-sighted, "stick-in-the-mud" policy can now prevent our progress and prosperity.

COMMENCEMENT
EXERCISES.

MISS JENNIE L. BEHRINGER
GRADUATES.

The Commencement Exercises of the
Nyack High School were held in the
Opera House, on Thursday evening,
June 24th. The hall was crowded with
a characteristic Nyack audience, in
which was gathered the intelligence
and beauty of the fair little city on
the Hudson, the lights were brilliant,
the floral decorations were pretty, the
music to which the graduating class
marched to the stage was inspiring,
but the presence of Miss Jennie L. Behr-
inger, prominent among the "sweet
girl graduates" is what makes the affair
particularly interesting to the people
of Saddle River, where so many of her
friends reside.

The essay of Miss Behringer on
"American History in Song and Story,"
was an interesting part of the pro-
gramme. It is a subject of great inter-
est, said Miss Behringer, but one sadly
neglected. For a young country America
is full of historic interest, and in illu-
stration, she named one after another
historic events, interspersed with apt
and stirring quotations from the poets
of "our own, our native land."

The class of '97 is composed of the
following named; Ethel M. Burke, Amy
L. Burdick, Madeline V. Gardner, Mabel
E. Gardner, Jennie L. Behringer, Ethel
Blankenhorn, Agnes E. Matthews, James
D. Haring, Stuart Dutcher.

All were loudly applauded as they
took part in the exercises. All received
congratulations and good wishes as
they bade farewell to school to face the
stern realities of the world.

Change, Change.

The clamor for a change was a potent
factor in the election of Cleveland. The
cry was as adaptable to circumstances
as a piece of gum elastic. The producer
thought prices too low, and he wanted a
change. The consumer thought prices
too high, and he wanted a change. The
laborer thought wages too low, and wan-

wages too high, and also wanted a
change. And now, hot or cold, let
the change come, and let the roosters
crow!

Henry Esler, postmaster, an old and
highly respected citizen, died on the 12th
ult. Mr. Esler was appointed postmaster
when the post office was established in
the Spring of 1852, and held the position
continuously for a period of over 32
years. He was an extraordinarily care-
ful and accommodating official and gave
satisfaction to the entire community. The
mail facilities were increased from a
weekly to a daily mail during his incum-
bency. The first mail carrier was John
D. Berdan, who after a week's labor at
at the shoemaker's bench footed it to Ho-
bokus and back, carrying the Saddle
mail. Among subsequent carriers was
Peter Ackerman, an old man, commonly
called "Blind Peter." He was totally
blind from congenital cataract, but was
an excellent horseman, skillful in finding
his way to any place in the neighbor-
hood, and carried the mail on horseback.
The present contractor is M. M. Smith,
with Abraham H. Ackerman as mail
carrier. The excellent Assistant P. M.
has been the acting postmaster for a
number of years.

The fourth annual masked ball of the Home Amusement Club was held in Zabriske's Hall on Wednesday evening, Jan. 28, and though the night was one of the coldest of the season, the attendance was very large. Among the characters represented by the gentlemen were the Three Guardsmen of Dumias, a Santa Claus, fat boys, sailors, clowns, etc., and among the ladies the representations of Night and the Goddess of Liberty were particularly worthy of notice. The Club seldom gives a public entertainment, but when they do, it is always a good one. Now owned by J. Henry Esler

An old and curious book brought from Holland by some of the old settlers, has been shown to us by Peter J. Demarest. The volume, containing in black letter the New Testament with marginal notes, and the Psalms with a metrical translation and music, was printed at Amsterdam in 1635. Evidently it has had hard usage, as the cover and some of the outside leaves are lost, but enough of it remains to show the skill attained in typography 252 years ago, and to give a specimen of the language in which the Jersey Dutch dialect had its origin. On the title page of the Psalms is a wood cut of King David playing on his harp.

GEN. GRANT is said to be in a hopeless condition from a cancer in the mouth. The case is a conspicuous example, which should be a warning to all of the fearful danger of using tobacco.

The sympathy expressed for the grand old hero is universal, and the vilification common a few months ago, everywhere is hushed.

It is pleasing to read these tributes of honor, but at the same time we cannot avoid the thought, how much nobler thus to have honored him while he was able to enjoy it.

Paramus, Vallean and Oritany, all historical names, had been suggested, but some fancy name seemed to be generally preferred, and as the few suitable combinations of which the English language is capable have been rendered ridiculous by repetition, the naming of the youngster has caused its sponsors a great deal of trouble. A Bergen Co. Tragedy.

Sanford Cisco, who killed Abram Gurnee, will be hanged in Hackensack, June 7th. In declaring Cisco guilty of murder in the first degree, the judges have decided according to popular clamor, not according to the law or the facts of the case. The essential of murder in the first degree is premeditation. Now, the man who premeditates a murder invariably sneaks to his work, letting no one see him if he can possibly avoid it. The actions of Cisco were exactly the contrary to this, showing that no thought of a crime requiring concealment had entered his mind when he went to the store of Gurnee that eventful evening.

Read books rather than newspapers. Life is too short to wade through the trash and superfluities in the papers of the present day. It is like searching a bushel of chaff to find a grain of wheat. You are lucky if you discover one fact worth remembering in a column of matter. Certain papers are continually boasting of their size and circulation. Their size comes mainly from the growth of excrecences. Their circulation is the result of the immense population and business of the cities in which they are published. All the real news one of them contains, could be printed on a sheet the size a man's hand.

It was the greatest blow we have had in
many years.

Allendale and Hobokus, closely united
with Saddle River by business and daily
intercourse, will be still more closely and
pleasantly united with us in the new
township of Orvil.

Mrs. Orton W. Jennings has been
spending a month on a visit to her hus-
band's relatives in Mass.

The Home Amusement Club has in
contemplation the building of a public
hall on a lot purchased of J. G. Esler
on the corner near Berdau's store.

Harmon Tice and wife have returned
from a visit to Va.

The Rev. Mr. Shetler has moved to his
new charge in Sheuadoah, Pa.

John J. Straut welcomed the advent
of a little daughter on the 26th ult.

The Republican primary meeting was
held in the old hotel building, at "Orvil
Centre," on the 24th ult.

The Democratic primary was held in
Smith's basket factory on the 26th.

We have good personal friends on
both tickets, and wish they could all be
elected.

The first township committee of
Orvil will have very important business
with the committees of Hobokus and
Washington, and the best business men
should be elected to hold the position.

Packer, the foundryman, has bought
34 acres of the John Achenbach estate
at Chestnut Ridge for \$1700.

F. P. Van Riper, of Chestnut Ridge,

the best incubators and all the recent
improvements in chicken-culture. He
has all the new varieties.

John Moore, the fiddler, has been en-
gaged to furnish the edibles for the

The building in which the election is
held was erected by William Dixon, a
much respected citizen of the past gene-

Lent and "Fasting."

THE season of Lent, beginning on Ash Wednesday and ending on Easter, is supposed to be commemorative of the 40 days the Savior fasted in the wilderness. The fast required by the church, however, is very different from the one it is supposed to commemorate. A few petty restrictions are imposed, but abundance, and even luxury, are permitted to all who have the means to obtain them. The "fast" of Dives, supposed to be acceptable to God, exceeds in abundance and variety the richest feast a poor man ever enjoyed. The merit there may be in such fasting, we are unable to comprehend. A touch of the real article, reader, that is the thing that tries the souls of men!

An Important Trial.

The suit of Mrs. Ruth Ackerman against the Erie for the killing of her husband on the crossing below Ridgewood takes place at the April term of our courts. This crossing is called the "Short Cut." Unguarded as it is, it is a "SHORT CUT" to ETERNITY!

A Truthful Tribute.

It was a simple and beautiful tribute that was paid to the great Temperance orator, John B. Gough, by the poor Scotch woman, who during one of his visits to the Scottish capital, sent him a handkerchief with the remark, "When he wipes the sweat from his face, tell him to remember that he has wiped away a great many tears in Edinburgh."

Work has been commenced on the hall of the Home Amusement Club. The building is to be 18 by 36 feet square. Its location, in the centre of the township, will make it very convenient for use as a town hall, and other public purposes. Messrs. Winters and Hendricks are the contractors.

The Lutheran Church is hearing candidates for the vacant pastorate. The Rev. Bodine, of Penn., who made a very favorable impression, will probably receive a call.

The Lutheran Sunday School, which has been closed during the winter, opens Sunday, the 4th inst.

Almost the entire juvenile population have had the mumps during the winter. A few of them are now trying the whooping cough.

The advertisement of the Messrs. Esler, who are experienced seedmen and florists, is timely and important. The establishment of the Thorburns is the oldest, and has the reputation of being the most reliable seed house in America.

John Wanamaker and his wife are suing the executors of Obbie Zabriskie for money claimed to be due on contract. W. M. Johnson for plaintiffs.

The new school house is completed. The contractor, W. H. Yeomans, has given perfect satisfaction.

ORVIL TOWNSHIP.

The principal officers elected in the new township are the following:

Justices of the Peace, H. C. Dennett, Mark Dewsnap and Lewis Terhuus; Freeholder, Andrew Van Emburgh; Town Clerk, Frederick Demarest; Assessor, Abram H. Ackerman; Collector, George A. DeBaun; Constable, — Van Blarcom; Judge of Election, G. J. Buchkeiser; Commissioners of Appeal, Nicholas Hemion, Smith Roswell, John D. Van Buskirk;

Surveyors of the Highway, Orton W. Jennings and John J. Pulis; Overseers of the Poor, J. Mortimer Southwick, Peter Cronter.

The Township Committee consists of Dr. Bernard Oblenis, N. Orr, the well known engraver, and E. Rosencrantz.

The Freeholder, Constable and Justice Terhuus are Democrats. All the others are Republican.

The Township Committee meets to settle business with the Committee of Hoboken on the first Monday in May, and with Washington on the Monday following.

"Hard Times."

This is the title of one of the works of DICKENS, which can profitably be read at the present time. The employer. Bounderby,—the labor agitator with his appeals to the "down-trodden operatives of Coketown,"—the noble Stephen denied by his former associates the right to earn his daily bread,—the gentle, suffering Rachel—all are faithful pictures of events as they are now transpiring around us.

LABOR has its rights; the humblest son of toil should be respected, and paid according to the value of his labor; but PROPERTY also has its rights, to which envy of those more fortunate than ourselves should never make us blind.

The black flag of the pirate and the red flag of the Commune are in principle the same.

The Nomination for Governor.

First on the Democratic side is Joel Parker with a salary of \$3000 as Judge, who will naturally prefer a bird in the hand to two in the bush. Andrew Albright is a well-to-do manufacturer in Newark. Augustus W. Cutler has often led a forlorn hope to victory and has many friends who would rejoice to see him the standard bearer of the Democracy. On the other side the name that towers over all is that of W.W. Phelps, who may prefer his seat in Congress and decline the proffered honor. Gen. Ward is also favorably mentioned.

Once again the trees are covered with blossoms, and the air is fragrant with the perfume. May! beautiful May!

The Methodist church was beautifully decorated with flowers on Easter Sunday.

Wm. H. Barkham, Joe Jefferson's gardener and florist for many years at the home of the actor in Saddle River, has moved to a farm at Allendale.

Ulysses S. Cannon, of New York, will occupy the house of A. Dater, near Park Ridge, as a residence with his mother the coming summer.

Albert and John, sons of Jacob De Baun, who wandered further away from their native place than Saddle River boys ever ventured before, having spent several years in Australia, have returned to their old home.

Rev. J. A. Bodine has settled down to his labors as pastor of the Lutheran church.

The Ladies' Social Union have purchased the old schoolhouse and accompanying grounds. A new building to take the place of the present structure is in contemplation.

The children of the Reformed Dominie have been having the whooping cough.

John Monroe, of Smith's basket factory, we are sorry to learn, is seriously ill with consumption and heart disease. John has been for years a great sufferer from a disease of the spine, and has borne his afflictions with a fortitude of which few in his circumstances would have been capable.

The new schoolhouse is occupied at last. Some time about the beginning of the present century the schoolhouse stood near the site now occupied by the house of Wm. Henry Osborn, an Irishman by the name of Martin being the teacher. It was afterward moved to a lot near the church and finally to its present location. Among the teachers were Hicks a Methodist preacher, Boat from the "Goffel," Wortendyke afterwards a member of Congress, M. Waldenmeyer once pastor of the Lutheran church, C. F. Crouter, Alfred Ackerman, George A. DeBaun, and Miss Tillie Litchult, the present incumbent Henry Osborn having held the position during the past two years.

Ourself—"Just Once."

The most of our readers know the editor, and know the circumstances, so far as health and means are concerned, under which the paper is published... The Landscape is sui generis. We will not furnish daily sworn statements that we have the biggest circulation of any paper published in the United States. We do not give a square yard of paper with a square inch of news, nor do we claim that the paper inked in one issue, if laid sidewise, will reach all the way around the Horn from Sandy Hook to San Francisco. On account of this, however, we feel especially grateful to the friends who have stood by us in the years of trial we have passed through. And for just this once, let us also say, that if anyone wishes to discontinue, we will be greatly obliged, if he will send us a polite letter, simply saying: "Please, stop my paper."

The Power of Earthquakes.

The news of the earthquake last month, by which a large portion of our country was shaken like a leaf in the storm; and many lives lost, is well calculated to inspire doubts of the stability of mother earth, and to convince us that there are forces in nature, the limit of which we know not, that may one day rend the earth from pole to pole and bring universal destruction on mankind. The recent shake was but a feeble affair compared with the convulsions, which, according to geology, cleaved the valleys and threw up the mountains of our continent.

The Elections—Socialism.

At the time we are setting these lines
the election is in progress, and we are
awaiting the result.

We have watched politics and partici-
pated in political affairs since before the
war, and it is not likely that till our
head rests under the sod we will cease to
take an interest in political matters.

In New York particularly we are wit-
nessing a strange contest. On the one
side are Hewitt and Roosevelt, repre-
senting the right to property; on the
other is Henry George, preaching to
admiring thousands the gospel of plun-
der.

The readiness with which the shift-
less, thriftless and the dishonest catch
up the ideas of a man like George bodes
no good to society.

It only needs to go from words to
acts, and our cities will run with blood.

Advantages of Education.

IGNORANCE IS THE GREAT BULWARK of wrong.

It is not disputed that education adds immensely to the power of an evil man to do mischief, but it is nevertheless true that ignorance is one of the greatest dangers now menacing society and good government.

Without stopping here to explain how or why, we can safely assert that the proportion of bad citizens is much smaller among the educated than uneducated.

How limited and distorted the views of the illiterate! How much evil he does, simply because he doesn't know any better!

The wider, therefore, knowledge can be diffused, the better for the good of the human race.

Land Ownership and Civilization.

The idea of the ownership of land stands very near the beginning of the civilization and progress of mankind.

Man, in the beginning, built his habitation and enclosed the fields he had rescued from the wild beasts; and his fellow men recognized his right to the property thus obtained.

Truly, man could or would have made but little advancement, had it not been conceded that the improvements thus made should belong to himself.

With "land as free as air," the world would have remained in barbarism to the present day.

Good men there are in both parties, but there is no other, Republican or Democrat, in whom the affections of the people centre as they do in ACK PELL.

One reason for this regard is that ACK is always the same to everybody; and Democrat and Republican, the poor and plain man as well as the rich man, have learned by experience that, as long as ACK is there, they have a true and tried friend on hand, on whose advice and help they can always depend when business calls them to the county seat.

Prohibition.

A NEW SUGGESTION FOR TEMPERANCE MEN. A LAW THAT WOULD BE "CONSTITUTIONAL."

To obviate all reasonable objections, why might not prohibitionists be willing to ask for a law, applying prohibition ONLY TO THOSE WHO NEED IT. In other words, when a man under the influence of his beverage, is disorderly or commits a crime, why not BY DUE PROCESS OF LAW, have him placed on trial, and if found guilty punished by placing him under the restraints of prohibition, to be enforced by penalties on himself and on those selling to him after he has duly received his sentence. Such a law as this would hit the mark every time.

Pleasant Christmas celebrations were held by the Sunday schools during the holidays.

In the Chestnut Ridge school Miss May Austin and Mrs Bartholf sang, accompanied by Miss Stocking on the piano, and declamations were given by Albert Austin and Elvin Van Riper. A piece sung by Miss Smith, of Allendale, received great applause. Frank Austin appeared as Santa Claus, and the younger Mr. Stocking represented a visitor from the North pole.

The Methodist school had an entertainment, with declamation and singing, and the children came home delighted with the presents they had received.

The entertainment of the Lutheran school was under the able management of the Superintendent, Mr. Alfred Ackman. Some handsome books were among the presents distributed. An easy chair was presented to the Rev. J. V. Bodine by the Bible class.

Nobody has given us any information concerning the Reformed school, but we hope it fared as well as any of the others.

Engineers in the employ of the "Erie" have just completed a survey from Fair Lawn up through Saddle river valley, on the west side, back of the residences of Mrs. Walters, John Leamon, J. G. Esler, John E. Hopper, etc., through Debaun town to Sufferns. They are now making another survey, from the same starting points, through the country to the west of Alleudale and Hobokur

At the same time the "Susquehanna" has been surveying from near Hackensack, on the east side of Saddle river, through Paramus, back of Joe Jeffersons, aiming apparently over Chestnut Ridge in the direction of Spring Valley, N. Y.

Both parties are keeping their intentions to themselves. One thing, however, is certain: Neither of them is surveying merely for the fun of it.

Evidently the Erie is aiming to extend the "short cut" to Sufferns.

The ultimate object of the far-reaching policy of the Susquehanna, it is not so easy to divine.

If the Erie does not build through Saddle River, all the better for the enterprise the Susquehanna appears to have in view.

ORVIL TOWNSHIP.

A Region Remarkable for its Salubrity.

Included in the township of ORVIL are the Saddle River valley from the borders of the state near Moussey down to the Paramus church, Chestnut Ridge and the villages of Allendale and Hohokus.

There has as yet been no census taken since the formation of the township, but taking the number of voters as the basis of our calculations, we estimate that the population amounts to about 2000 inhabitants.

The township is as healthful as it is beautiful; and, in both respects, is a very desirable place of residence.

The Report of the "Bureau of Vital Statistics," just issued, shows that there were only 17 deaths in the township during the year preceding the date of issue.

The following remarks from the only practicing physician in the township, are embodied in the report;

ORVIL TOWNSHIP.

For the past year the health of this township has been good. No epidemics have prevailed, and no complaints have been made to the Board.

This is a rural district with a scattered population, and no extensive mills and factories.

The Election.

THE ELECTION IN ORVIL was held on the 10th ult. Some of the principal officers elected are as follows: George B. Smith, Sr., of Allendale, Township Com-

mittee; A. Van Emburgh, Freeholder; Fred Demarest, Clerk; DeBann, Collector; A. H. Ackerman, Assessor, (no opposition); G. Busch Keiser, Judge of Elections; Garret Litcholt, Constable, (no opposition,) etc. O. W. Jennings is one of the Commissioners of Appeal.

Be courteous. This is Bible doctrine, and it is a good doctrine to remember at the present time. Editors and speakers may deliberately advocate error for private gain; but very few voters, of the plain, common people, are ever knowingly and wilfully wrong. Therefore, let us be courteous to those who may differ from us.

On account of the liberal offers of the Van Riper heirs, who hold claims on the property, an effort is being made to remove the debt from the Union Chapel at Chestnut Ridge. An entertainment by Alfred Pearsall, the recitationist, was given on the 26th. In the audience were many prominent citizens, including the Revs. Baxter, Bodius and George, all of whom were pleased witnesses of the performances. Stooking was smiling, and the only thing that detracted from Dewsnap's pleasure was anxiety for the ceiling, on account of the applause manifested by stamping the floor with a battery of dry cow-hide boots. Besides the regular receipts of the evening, a contribution of \$5 was received from Dr. Neer, and a friend of Mr. Stooking, from Montclair, favored the chapel with a similar contribution.

IN TIMES not very remote the cost of sending a letter any distance less than 100 miles was 5 cents, if pre-paid, 10 cents if paid by the receiver, the rates increasing with distance, so that correspondence was very expensive. It cost Mr. V. 40 cents to get the supposed tender missive out of the post office!

September opens with the earth robed in summer beauty, and the weather fresh and invigorating as no other season but early autumn can afford.

The Ladies' Union are holding a fair at the time we are setting these lines. We hope they are having a "just splendid" time.

John N. Leamon has been appointed P. M., and the post office has been removed to the store on the corner. Honor to the late P. M., John G. Esler, who has served faithfully and well, and who in all the qualifications for the office has never been excelled. At the same time we extend a hearty welcome to Mr. Leamon. Under the circumstances we are greatly pleased with the appointment.

Mrs. Emma Roat is preparing to move to Delaware, and a general sale at auction of all her household and kitchen furniture, wagons, farming implements, etc., will take place on Wednesday, the 12th inst. Bills of the sale will be out next week.

The genealogy of the leading families of the entire Saddle River valley, is to be one of the features of Hovey Osborn's proposed history. For this purpose he solicits from all who feel a just pride in an honorable ancestry, copies of family records, (births, deaths and marriages,) of a date previous to the year 1800.

A large delegation from Orvil township attended the Republican convention at Asbury Park.

Mrs. G. W. Bird and children, of Brooklyn, N. Y., have been spending part of the summer at O. W. Jennings, whose house is situated precisely at the spot where Prof. Cook, in his geographical and topographical map, marks 409 feet above the level of the sea.

THE COMING ELECTION we believe to be the most important that has taken place in many years.

Allendale is rapidly advancing towards Saddle River. A new road has just been laid from the residence of Paulus Nightengale northward to the road at Abaam J. DeBaun's.

Our friends, of both parties, have had a busy time during the last three or four weeks. The meetings they have attended are too numerous to mention.

We are called upon to report the mysterious disappearance of our special correspondent who promised us a report of the concert in the Lutheran Church, under the management of Walter Dewsnap and Miss Lizzie Oblenis, on Saturday evening, the 20th ult. From other sources we learn that Miss Kitty Pell and others appeared as organists, Mr. and Mrs. Atkins in instrumental duets, Mrs. D. Bartholf and Mrs. W. J. C. Ward in solos, and Miss Alice Decker, of New York, in elocutionary recitations, giving what is pronounced one of the best entertainments ever given in Saddle River.

Willis Cam was the successful candidate for the band of Miss Lizzie Terwilliger. The wedding took place on the 31st, ult.

Mrs. Charity Achenbach has been attending the wedding of her granddaughter, Miss Lillie Westervelt, at Westwood, N. J.

Mr. Geo. Wager and family have returned to their winter residence in the "city of churches."

Our friends, we rejoice say, have not forgotten us. We have just been honored with a call from the tax collector.

The hunting season, according to the present game laws, began on the 1st inst. Early in the morning five wagons, with eleven men and more dogs than it was possible to count, were on their way to Chestnut Ridge. ORVIL TOWNSHIP.

A publication of the names of delinquent tax-payers is required by the laws of New Jersey. A look at these lists in different townships is an interesting study. Of the delinquents, a few, perhaps, are unfortunate and deserve pity. Another class, dishonest, improvident and vicious, deserves nothing but contempt. We know of some who seek to evade their tax year after year, and are glad to hear that the collector is making it hot for them. Whether such persons are made to pay or not, is a matter that especially concerns every honest tax payer in the township. *All loss from such persons only adds to the burdens of honest men who have to pay all deficiencies.*

A great deal of horror has been expressed concerning the robbery of the dead at Johnstown, and we share in the horror, but can not agree with the apparent implication that robbery of the living is a comparatively trifling offense. SADDLE RIVER.

[The following lines are given as recalled from memory by Mrs. CHARITY ACHENBACH. They were written by A. BERGEN BROWN, a young man then residing here, and were printed in a Paterson paper, sometime about the year 1862 or '68.]

In the heart of Bergen county,
In among its hills and dales,
Lies a place called Saddle River,
'Tis the prettiest of vales
That has ever met my vision,
And there's many I have seen,
But I think that Saddle River
Is the prettiest place I've been.

Many blue and black eyed maidens
Ramble o'er its noble hills,
* * * * *
And the schoolboy with his pin-hook,
Catches sun-fish from its rills.

There's the Reformed John Mauley,
And the Lutheran De Yoe,
Preaching to the drowsy sinners,
Who to church on Sunday go;
There's Woodruff with his furnace,
Casting plows to till the soil,
For the worthy sons of Bergen
Are not at all afraid to toil.

Not only have poets sung, but artists have delighted to paint the beauties of Saddle River. Frenzeny, an artist on *Harper's Weekly*, made many valuable

studies for paintings in this place, as did also Mrs. Lakey, an artist not unknown to fame, a few years ago. Here also, in a spot to charm the eye of an artist, was the home of Mary J. Walters, known to the world as one of the greatest landscape painters America has ever produced. A fine collection of her works is still in possession of her mother, and Saddle River scenes by the side of views in the Adirondacs and other celebrated places attest alike the beauty of our scenery and the genius of the artist.

Much is said about a national flower. Among those named, the daisy is purest and prettiest. The golden rod is everywhere the mark of neglected fields and poor husbandry.

The Florists' Hail Association of America.

The Florists' Hail Association, of which John G. Esler is secretary, is steadily growing in favor of those it is designed to protect. The American Florist says: "Hail insurance costs less than fire insurance, and there is no reason why the Florists' Hail Association of America should not become in five years as rich and powerful as its German contemporary which has been in existence forty-five years." Hail is very capricious, and often does greatest damage where least expected.

Capt. Marryatt, in Newton Forster,
tells how the slave women of Jamaica
when they heard a new word, ran with
it from one to the other, as hens run
about when one of them gets hold of a
piece of meat bigger than she can
swallow. The editors of certain papers
are like Marryatt's women—and like
the hens. The word they are now pul-
ling about is "grip." Such things as
colds, influenza, etc., are obsolete. It
greatly simplifies medical science to
include all diseases of the respiratory
organs in one comprehensive word
like "grip." It also adds immensely to
the beauty of the language.

The Landscape.

SOME PLEASANT DAYS.

The weather during the holidays was
delightful for the time of the year. The
bees were out of their hives, and sev-
eral persons reported finding dande-
lions blooming in the open air on
Christmas. On the 28th the Phoebe
birds were joyfully practicing their
spring melodies. On New Year's our
friend, Paul Hieber, brought in sev-
eral flowers of the myrtle from the
vines on the wall in front of the edi-
tor's residence. Nevertheless, a few
flowers do not make a summer, and a
few hours can bring about great
changes in the weather.

WALDWICK.

Waldwick, only about three-fourths of
a mile from the main avenue of Saddle
River, in the vicinity of the residences
of O. J. Victor and Mrs. Walters, gives
promise of becoming one of the most
important of the Erie railroad stations
in New Jersey.

Editorial Say-So.

OUR readers will be pleased with the poem by "CARRIE," which appears on our first page. Men, as well as women, can learn much from the lessons it contains.

....

ENVY of those in better circumstances than ourselves is one of the great evils of the times. It is the stock in trade of a class of demagogues, whose greatest desire is to become wealthy themselves.

....

EXTRAVAGANCE is another great evil. To-day we read of one—a young man of fair promise, perhaps—who lies with pale face and glazed eye, slain by his own hand. To-morrow another flies the country. A round of pleasure—ex-

penses beyond his means—and death or a life burdened with dishonor—this is the result. The price is a fearful one to pay.

Bogert, Berry, Lounsbury, etc.,—Bergen County has had many prominent examples of this great evil.

....

And if you can't have everything you want, do'n't croak.

**HURRAH FOR THE RAILROAD!**

A meeting concerning the railroad the enterprise and ambition of Saddle river valley has long desired was held in the Club House on the 25th, Dr. B. Obleis presiding and John G. Ester acting as secretary. H. G. Wood addressed the meeting, explaining the project, and much enthusiasm was manifested.

\*\*\*

We hope it does not need a surgical operation to get through anyone's head that THE LANDSCAPE is not opposed to a railroad. The editor was among the first, (if indeed not the very first himself,) to advocate such a road, but when railroad talk degenerated into mere croaking and depreciating of present real advantages, till it became next to impossible to sell a foot of land at a decent price, we felt it time to protest, and to show that Saddle River (the village) was not the undesirable place it was represented to be.

\*\*\*

One great reason for desiring a railroad, no matter how near or accommodating the Erie may be, is that Saddle River is almost hidden from the world behind the names of Allendale and Hobokus. Take the case of Joe Jefferson as an example. For 20 years Joe resided here, and the papers teemed with notices of "Joe Jefferson's beautiful place at Hobokus"—never a word of Saddle River, except to say once in a while that "Saddle River would be a fine place for country residences for gentle-

men, if they could only get there!" In the same way, a place so important as Paramus is hidden under the name of Ridgewood.

\*\*\*

A better place for a local road would be hard to find. When the Erie was constructed, it was barren from Suffern to the outskirts of Paterson. Saddle river valley is *one continuous village* from end to end. SADDLE RIVER VILLAGE was the main support of Allendale, aiding in erecting the station house, etc., before the present Allendale, a thing of recent growth, even had an existence.

\*\*\*

The Hackensack Republican man jubilateth in prospect of the new road.

Leamon has sold his store to Collector DeBauw, who takes immediate possession. . . . Frank Storme continues the business on his own account. . . . The "New Queen" potato can be obtained at the Sad. Riv. Greenhouses. . . . Abraham W. Ackerman has a large number of horses for sale at reasonable prices. . . . A Mr. Price, of the Brooklyn Eagle has hired the squire Obby farm. . . . The entertainment of Miss Backster's school on the 27th was every way a great success. The programme contained the names of Mr and Mrs. Boggs, Mrs. W. J. C. Ward, Miss May Austin, Maggie Clark, Lulu Liukroum, Milton Packer, etc., and everyone was delighted with the performance.

Little Tom's Cunning Trick.

It is related that once on a time poor little Tom learned a trick which everybody thought "so cute and cunning." You could never guess what it was. Little Tom learned to smoke his papa's pipe. The baby, sitting on his little stool, with the nasty old pipe in his little mouth, was the wonder of the neighborhood; and the foolish parents, and the foolish neighbors, all laughed at the little owl. But little Tom was very sick. The doctor came, and said that nicotine poisoning was the cause, and poor, cunning little Tom must die. When he lay cold and white in his little coffin, with flowers in his little hands, no one laughed. Little Tom lies under a little hillock, and the fun is all over.

Etna and Oradell.

Alfred Ackerman, formerly teacher of the Allendale school, but now Principal of the school at Oradell, is a resident of Etna, N. J. Etna is a beautiful place on the New Jersey and New York R. R., only 20 miles from the City Hall, and is a splendid location for city people desiring a home in a convenient country place, and also for country people who desire a residence in the immediate vicinity of a depot. Etna, formerly called Kinderkamack, is a place of much historic interest. The picturesque heights, west of the railroad, still bear the name of "soldiers' hill."

A. C. Ackerman, operator for Western Union, Steven's House, New York, resides in Oradell. His new residence, a beautiful one, is nearly completed.

The Hon. W. W. Phelps, our Minister to Germany, has written some clever verses, by means of which the attention of the American people has been directed to the "onion tart" of Germany. A friend from the royal city of Stuttgart favors us with the following general directions for the preparation of this German delicacy: Put a crust in the bottom, the same as in any other kind of pie. On this put a layer of sliced onions, in which put a beaten egg, with sugar, cinnamon, etc., quantum sufficit, but do not put any crust on the top. Then bake.

The above is from the OAKHAM HERALD, an interesting little weekly published by I. W. MULLER, at Oakham, Mass. at 50 cents per year. The contents and appearance of the Herald are very creditable to the publisher, and we hope his efforts will be duly appreciated by the people of Oakham. The labor in type setting and printing for a paper like the Herald, is equal to that done on most "large" and pretentious "ready prints," in which the country publisher has only to fill out a blank space sufficient to give his paper a local appearance, as an enterprising druggist has his name printed on the blank space of a medical almanac.

**The County Clerkship.**

We have no hesitation in saying that we do not believe in any rule absolutely forbidding a "third term" in office. Much depends on the man, the length of the term, its value, and the circumstances generally. We can imagine many cases in which we would be in favor of a third term. There are other cases in which one or two terms are all a man should ever have.

The "Blue Mills," a cotton factory  
owned by Matthew Butler, with the  
accompanying village of tidy cottages  
occupied by the operatives, was on the  
Hamlin place, a little north of the Joe  
Jefferson property. The place was cal-  
led the "Blue Mills" to distinguish it  
it from a similar establishment lower  
down, which was called the "Red Mills."

The tannery was on the place now  
owned by Tommy Van Buskirk. A

## MACADAM

The first thing a man who is in search of a home in the country now asks, is: Have you good roads?

Everywhere macadam is the symbol of growth, progress and prosperity.

Once let it be begun and the property of every man in Orvil will be increased in attractiveness and value.

Only do our duty now and the whole township of Orvil,—Allendale, Waldwick, Hohokus and Saddle River,—will soon be one great, beautiful suburban village.

### WHAT THE NEW YORK "JOURNAL OF COMMERCE" SAYS.

WEALTHY PEOPLE in search of country seats do not care to live where the locomotive bells, the steam whistle and roar of flying trains vex the air by day and night, and disturb the repose for which they have left the turmoils of the city. They want quiet, lovely landscapes, fine drives along attractive and well kept roads, and the comforts that spring from such surroundings.

In the above, the *New York Journal of Commerce* gives utterance to a fact especially applicable to this part of the country. A great wave of city people is rolling over Bergen co. Allendale, one of the most beautiful places on the Krie, will not be confined to the vicinity of the depot. The Allendale of the future will cover the hills of Saddle River with the abodes of wealth, refinement and comfort.

#### IF WE KNEW.

Though the past shall have been dreary,  
And the heart be weak and weary,  
And the coming of to-morrow  
Shall promise no relief,  
We should cease to sigh and sorrow,  
Did we--as we shall to-morrow,—  
Knew that sorrow is the golden cord  
Which girds life's living shent.  
Though our hopes are oftimes sleeping,  
Though our eyes are red with weeping,  
And the blackly clouded morrow  
Brings back but yesterday,  
If we knew life's rough-wrought story  
Were to end in Heaven's glory,  
The splendor of our anthem song  
Should ring for aye and aye.

### DECORATION DAY.

THE GABRIEL B. PAUL Post, G. A. R. of Westwood, N. J., visited the Psacack Reformed, the Saddle River Lutheran, the Valleau at Paramus, and the Old Hook Cemeteries on Decoration Day.

A beautiful address by the Rev. E. Lodewick, added interest to the services at the Reformed Church.

Two graves at the Saddle River Lutheran church were decorated with the customary services.

At the Paramus cemetery a grand welcome took the Post with surprise. A large gathering of children gave patriotic recitations, and refreshments that were abundantly provided, were gratefully appreciated by the remnant of Bergen county men who had slept on the hospitable pavements of Baltimore, shouldered a musket on the deadly picket line of the Rappahannock, and whose ears heard war's thunders at Fredericksburg and Chancellorsville.

We see them on their winding way;  
Their locks are silvered o'er with gray;  
Their lofty deeds and daring high,  
And matchless fame will never die.

A LAW ENCOURAGING CRIME.

Among the many remarkable laws made by the New Jersey Legislature last winter, was one establishing a "ticket-of-leave" system by which jail-birds are to be set at liberty at the will of the Court of Pardons, consisting of Governor, Chancellor and Lay Judges of the Court of Errors and Appeals.

Under the circumstances, why arrest, try or impose any sentence at all?

That relieving criminals of punishment will reform them, is an idea worthy of Bedlam.

That the worst scoundrels will be the ones soonest to be prowling about under the new law, no one who knows how things usually work can reasonably doubt.

GOOD ROAD WORK. MACADAM.

Abraham W. Ackerman, contractor, is doing some thorough, excellent work on the road to Chestnut Ridge. This is the way to get good roads all over the township. Take the bad roads in turn, work them thoroughly, and in a few years all the roads in the township will be in excellent condition. Good work endures from year to year, saving expense. Mere scraping on roads like this is money thrown away.

The contract for macadamizing the roads at Allendale and Hohokus as designated by the voters at the Spring election, has been awarded to the "Orvil Township Stone Crusher Co.," of which Andrew Esler is President, at 67 cents per lineal foot.

The work is now in progress on the Allendale road.

OUR ADVERTISERS.

Plants of red cabbage—something very nice for the table— can be obtained at the Saddle River Greenhouses.

Buyers of feed, etc. should try John N. Leamon.

Ice Cream—one of the necessities of

the season—can be had at the "Headquarters," F. H. Storms', every Saturday. Balloon and fireworks on the 4th.

Some choice villas, villa sites and and farms are for sale by Walter Dewsnap in Saddle River and elsewhere "among the hills and valleys of Bergen county."

A buggy and harness, belonging to Andrew Esler, and a horse, belonging Garry Zabriskie, were stolen on Monday night, the 29th. Rewards amounting to \$200 are offered.

The city people—Mrs. Ruth Walters, Lawyer Geo. W. Wager, the Wandell's, the late Judge Wandell's family, etc., have returned to their homes in the country. We are sorry to learn that Mrs. Wager is not in good health. Mrs. Walters has suffered much from a long illness, and is very feeble.

THE FIRST TIME the Lutheran Synod, at that time called the New York Ministerium, met in Saddle River, was when J. C. Doy was pastor about fifty years ago. The gathering of so many "Domanies," many speaking a foreign language, caused the greatest excitement in the Sleepy Hollow little village. It was before the day of railroads, and the appearance of a Roman chariot would not have caused more wonderment than did the arrival of a "stage" from Paterson bringing outlandish "Domanies," who spoke neither English nor Jersey Dutch, to the place of meeting. The frolicksome contest, in which a crowd of "Domanies" pelted each other with apples at a tree on Osborn's hill one afternoon, was a thing to astonish the witnesses, and to furnish food for conversation long afterwards. Among the sermons preached was one by the Rev. Jacob Berger from the words: "If meat make my brother offend, I will eat no more meat while the world standeth, lest I make my brother to offend." This was probably the first temperance sermon ever preached in Saddle River.

The "boom" is sweeping in other  
suburban places all around us, but we  
don't know that Saddle River wants  
any "boom." The general opinion seems  
to be that Saddle River is in a finished

To do entirely without taxes is an  
impossibility in civilized countries.

In the time of the people now living  
in Orvil Township, they have paid  
money enough in road-tax to have  
macadamized every road in the town-  
ship

Of course we cannot macadamize  
every cow-path and side road, but  
special attention should be paid to the  
approaches to Waldwick, the Allen-  
dale road eastward past the Lutheran  
church, and the Paterson-Hohokus  
road past the Saddle River Reformed  
church.

Ridgewood Township, we understand,  
will macadamize all that part of the  
Paterson road in Ridgewood town-  
ship. Hohokus proposes bonding for  
\$40,000. Shall Orvil—which ought to  
be in the front rank—keep step with  
the other townships, or shall it come  
like the cat's tail—always on behind?

Our poets are in serious mood.

Arthur H. Goodenough writes of the "messenger" who comes to all.

In "Bury Me 'neath the Olover," Carrie strikes a chord that will find a response in many hearts. We like the feeling that prompts the lines—the wish, when the messenger calls, to rest with friends and kindred in some chosen spot—far better than that which says, "I don't care what becomes of the body when I am dead."

The congressman of the last Congress who wanted to know "Where was I at?" says he had a cup of whiskey on his desk and took a sip now and then for the benefit of his "throat." The explanation is perfectly satisfactory. Such "throats" are quite common.

"Where will it end?" It may end like the "Reign of Terror" and everyone who owns property be hunted like a wild beast. That is what Johann Most is trying to bring about, and everyone who joins in the outcry against "the rich" is helping it on.

Republican gubernatorial Convention will be held on the 15th.

The Outler movement is growing on the other side.

John G. and Andrew Esler attended the annual meeting of the American Florists' Convention, held this year in Washington, D. C. About 2000 persons, interested in flowers, were present. John G., who was recognized as pre-eminently the right man in the right place, was elected secretary of the Florists' National Hail Insurance Association, for the sixth year. Mr. Esler was one of the founders of the association, and he has been secretary since its formation. The association insures greenhouses against injury from hail, and has about \$800,000 worth of glass under insurance.

J. G. Esler is senior partner in the in the Saddle River Greenhouses, and has a national reputation among the florists of the country. His partners in business are Andrew Esler and W. F. Barkham, formerly Joe Jefferson's florist and gardener.

A beautiful tribute to the memory of Whittier appears on our first page. In one respect Whittier was the greatest of the world's poets. Others have sung of liberty for themselves and the race or class to which they belonged. The Quaker poet's love of liberty embraced all mankind.

The hotel keepers of New Jersey held a convention in Hoboken, and appointed a committee to ask the next legislature for a repeal of Sunday laws relating to hotels and a reduction of the license fee.

The younger people know nothing about "state banks" and can hardly imagine the annoyance and losses by discounts, counterfeits, broken banks, etc., to which the people were continually subjected. The older people, like Peter A. L. Ackerman, who remember the "People's Bank," of Paterson, the "Commercial Bank," of Perth Amboy and others, knew something about them.

We have a great respect for Mr. Outler, and are sorry he was not nominated instead of Mr. Werts.

Among the many decorations at the reunion of the 22nd at Westwood, that of the residence of Cap. John C. and Lieut. Jasper J. Westervelt, deceased, was particularly noticeable and suggestive. With the commanding form of Col. A. G. Demarest at the head and the old regimental flag flying, the 120 men in line made a fine appearance. Among those present who enlisted from Saddle River were James Bartow, F. P. Van Riper, Garret A. Ackerman, Thos. Eckerson, Wm. English, James A. Osborn and perhaps some others.

James Bartow and F. P. Van Riper, with G. R. Paul Post, took part in the Reunion in Washington, and with comrades of the 22nd visited "Camp Forenett," their old camping ground, on the defences of Washington, near Tenallytown. A colored family now occupies the house, the fields have been plowed, but in many respects things had a familiar look and vividly brought back the memories of '62. The road the Regiment built is still there, the old camp stove, with aid of the occupants of the place, served to cook dinner, and a day long to be remembered was spent on the old spot.

During his three years service Mr. Austin was only home once, and then it was on a short furlough to attend the funeral of his child.

The Fishing Club, consisting of W. F. Barkham, M. M. Smith, F. H. Storms, J. R. Acbenbach, John Monroe, Will Packer, Johnny Berdan, Howard Burnett and others went on a fishing excursion to Franklin Lake. It was the day of the big gale and navigation was laborious and perilous. Howard was blown overboard and made an examination of the bottom of the lake. The tailor is now engaged in renovating his clothes. A good catch of fish was obtained notwithstanding the weather. One Tom Brown keeps a so-called "hotel" at the lake, and an insufficient supply of stale bread, without fish or meat, was all the dinner they could obtain. Such are the "hotels" licensed by the courts of Bergen county.

Vol. 11, No. 5, NOVEMBER, 1892

The attention of all who may receive this paper—our friends in Allendale and Hohokus especially—is respectfully invited to the advertisements it contains.

The hearts of millions in America and in lands beyond the sea have been touched with grief and sympathy for the loss of the noble woman who has passed "From the White House to the Father's House."

Only a few days more and the result of the political contest will be known. The campaign in this place has been quiet, and we are glad to believe that it will leave no heartburnings and no personal enmities. Life is too short to indulge in the bitterness that is the disgrace of American politics.

Friends in Brooklyn and Chicago have kindly furnished us with interesting reading matter.

From 1808 to Pell's election Bergen only had the following surrogates, J. A. Boyd, D. I. Christie, A. O. Zabriskie, R. R. Paulson, Isaac Wortendyke and J. M. Knapp, all except Knapp being repeatedly re-elected. Everyone's property at some time passes through the surrogate's office, and the more experience a surrogate has, the better it is.

## David A. Pell FOR SURROGATE.

In answer to a generally expressed wish of the people, regardless of party, David A. Pell has been nominated for the surrogacy, an office he so ably and so satisfactorily fills at the present time.

The nomination, thus made, is in accordance with the custom in Bergen county and elsewhere, in making no changes in so important an office except when absolutely necessary.

The office itself is non-political, and has been administered non-politically, and so satisfactorily in every way that all without distinction of party, who have had business with the office, will join in working for the election of the people's favorite, our friend and everybody's friend—ACK PELL.

Ack Pell always has a kind word for everybody, whether rich or poor, is always ready to render them any assistance, and hundreds of Democrats who never vote for any other Republican always vote for Ack Pell.

Pell's majority in the county the time before this was 593.

At the end of October Zinnias, Calendulas and Balsams—the latter just touched with frost—are still blooming in the "Landscape" garden. In the valley flowers were "cooked" by the frost several weeks ago.

Mr. F. L. Wandell made a handsome contribution to school library in district no. 25.

Jehnnny Winter and Miss Libbie Letson, daughter of Rev. Mr. Letson, were married at Allendale. The presents from relatives were numerous and valuable.

Walter Dewsnap and Garret Winter are Orvil's members of the Democratic County Committee.

On a bet with "Butch" Terwilliger A. W. Ackerman's horse easily trotted a mile in less than three minutes. The little transaction cost Terwilliger the sum of \$25.

The Foresters, Court Orvil, with a delegation from Court Park Ridge, put on their serious faces and attended services in the Lutheran church, to listen to a sermon by the Rev. E. Hughes, on Sunday, October 30th. The attendance was large, and an excellent address was delivered from Luke chap. 10, verses 21 to 36.

Everybody here knows Ack Pell—te everybody the same—the kindest of neighbors—the best of friends—and it is an honor to Ack and an honor to his neighbors that very few ever vote against Ack Pell. His majority in Orvil the last time he was running was 187.

| Class A No. 1, Chas. A. Behringer, 779. | " A, No. 2, Mary B. Carlock, 776.     |
| Class B, No. 1, Carrie Dickson, 449.    | Class C, No. 1, Bertie Ackerman, 279. |
| Class D, No. 1, Mabel Ackerman, 152.    | Class E, No. 1, Edith Bogart, 139.    |

Mary Carlock, Annie Ackerman, Chas. A. Behringer and Christie Ware received prizes for regular attendance. The teacher received many useful gifts from her scholars.

Teacher, Mrs. T. M. Ware.

At the entertainment noticed in this communication many creditable recitations were given, and Miss May Austin's singing was an especially interesting part of the programme.

The soldiers remembered the dead.  
 Let us remember the living!  
 "One by one our comrades fall,  
 One by one they pass away."

Then, O, land of ours, beware!  
 Let them want for nothing now,  
 Give them all your love and care,  
 Place the laurel on each brow!"

**It is Dunkerism, Not Licentiousness.**

In some respects outsiders could really know but little concerning the Storms family, including Mnason, but filthy imaginations have been busy and a studied effort has been made to represent them as the exact reverse of what they really are.

All the known facts in the case go in reality to show that the severe self-denial they practice in regard to food, is their doctrine in regard to all indulgence of the senses.

This is the correct interpretation of that part of the complaint concerning Mrs. Storms' relation to her husband, on which precious charge she herself, two sons and a daughter, and six other persons, have been run into a New Jersey jail!

This also is the correct interpretation

of the reported trouble in which Mnason interfered in what looked like the beginning of a love affair between two of the outside members of his party.

The character of Mrs. Storms, one of the better class of steady, respectable women of Bergen county, a mother now nearly 60 years of age, is itself proof against the slander. The inmates of her house were daily under a mother's eye, and anything but the strictest propriety of conduct would have secured an instant dismissal with the broomstick.

Thirty years ago when there yet lingered in these parts much prejudice against the Methodists, a Methodist indignantly remarked: "Some people can't tell a Methodist from a Mormon!" It has been the misfortune of Mnason and Mr. Storms' family to be judged with a similar degree of intelligence.

The Dunkers or Brethren, called also on account of their peace principles "German Quakers," are Baptists of German origin. A Conference or Meeting at which 10,000 persons were present, representing 100,000 members, has just been held in Muncie, Ill. The fuss we are making over a few persons holding similar ideas, is not very creditable to the intelligence of the back neighborhoods of New Jersey.

The wife of J. Ed. Packer died on the 7th.

Mrs. E. G. Roy, widow of the late Dr. Roy, died suddenly of heart disease on the 23d. The M.E. Church, of which she was a faithful member, and many friends lament her loss.

The death of John Ackerman is reported from Allendale. He was a son of "Dick" Ackerman and had only been married about a year.

Rev. G. F. Behringer, of Obestnut Ridge, has been elected President of the Lutheran Theological Seminary in Chicago.

The necessary signatures have been obtained for bonding Orvil Township for macadam. This will give with improvements in other townships a continuous macadamized road from Allendale and Saddle River to Paterson.

NEARLY EVERYONE is familiar with the pebbles rounded with beautiful regularity by the action of the water. Larger stones rounded in a similar manner are sometimes, though rarely, found in the fields in this part of the country. It was presented to her by Walter Dewsnap, by whom it was found at Allendale, and in its position of honor, by the side of the door, it now bears, in letters of gold, painted by Henry Hale, the following inscription:

Commune with few,  
Have friends but One;  
Deal justly by all,  
Speak evil of none.

Smith was pressed into service as a substitute. Rev. E. Hughes occupied the chair, and W. W. Packer and Jacob O. Ackerman assisted as Judges of the debate. The affirmative was ably sustained, and it was tit for tat on both sides. The Judges decided by a vote of two to one in favor of the negative.

A speech, famous in history, was once made by Senator Sumner on the "Barbarism of Slavery." The first business of the Hackensack court—the guardian of our morals—was the licensing of 35 hotels, besides a large number of beer places.

"Wanderer," the accurate observer of the Englewood Press, who visited Hackensack at the opening of the court, gives the following graphic description of what he saw:

The crowd waiting their turn to go before the grand jury was, probably, the most suggestive of any. It was marked by the same marks that one sees among the quarrelsome and fanatical everywhere. There was on many of the faces an expressionless dulness, more or less indicative of mental turpitude. Others had a crafty and cunning look suggestive of plans more or less deep laid to bring their neighbor, or possibly some member of their own family into trouble. The reflection naturally arises, with what imperfect implements it is necessary to work in order that the law may be executed; with what conflicting and often untruthful stories the courts are supplied in order that the leaven of truth may be found in the scum of falsehood. These may be traits of human nature that one sees before him, but they often appear to have but very little of the human, and possibly little more of nature in them. After all, it is a wonder that courts and juries get as near fact and truth as they do.

Miss Patton's Select School has opened for the season.

Powell, of Packer and Powell, is at his home in bad health.

Saddle River has no public galleries in which we can see paintings by the great artists, but Mrs. Walters has a large collection of the works of her highly gifted daughter, Mary Josephine Walters, in which she takes daily comfort and which she takes pleasure in showing friends who visit her. Among them are charming pictures of local scenery, others giving grand views of lake and mountain in the Adirondacks and scenes, made famous by historic deeds, at Lake Horicon, or Lake George. Miss Walters excelled in rocks and trees, woods and waters, and is acknowledged the greatest of the lady artists America has ever produced. With Durand, in landscape painting, she shared the highest honors in the world of American art.

1894.

In six years' time, those who live to see it, will write 1900.

To our friends, long tried and true, and to our readers all, young and old, we wish A PLEASANT AND HAPPY NEW YEAR.

The York Herald tells us that the people in Setauket, Smithtown and vicinity, on Long Island, are living on woodchucks, and that the more provident have salted down a supply of woodchucks for the winter. The people who have woodchucks to fall back on, are very lucky.

When we read of temperature from 20 to 40 degrees below zero in some places, we are almost ashamed of New Jersey. The worst we have yet had is 8 above, and we thought that was cold!

Thanks to friends who remembered us on Christmas, and—Happy New Year!

An excellent paper for children and the family is THE ADVANCE, weekly, printed and published at the State Reform School, Jamesburg, N. J., at 50 cts. per year. The editor is John F. Babcock, one of the ablest and most experienced editors in New Jersey.

One of the delightful things of winter, is the grand sunsets we sometimes see.

For The Landscape.

DEFINED.

HATE: When evil spirits tell  
In your ear that murder's good,  
And the flaming fires of hell  
Beat in your fevered blood.

LOVE: To know how mean of yore  
Was the circumstance of soul,  
And to boundless see before  
God's eternities to roll.

GRIEF: To see our days depart  
Toward the all-eternal shore,  
Lonelier for a single heart  
Death has stilled forevermore.

REST: To lie in peace at last  
Restful in the rest of God,  
When the shine and shade are past  
Underneath the church-yard sod.

Assemblyman-elect Walter Dewsnap and Miss Clara Thomas, daughter of the late Lieut. G. E. Thomas, U. S. N. and Mrs. Emily Thomas, of Brooklyn, were married in Emmanuel Baptist Church, Brooklyn, on Wednesday evening, Dec. 20th. The church was profusely decorated with palms and roses, and the ceremony was performed by the pastor, Rev. John Humpstone, D. D., assisted by Rev. E. Hughes, of Saddle River. John Dewsnap acted as best man; the ushers were Messrs. Charles Dewsnap, H. B. Leland, F. M. Scott and Wm. Woodbridge; and little Miss Ethal Furman, as maid of honor, bearing flowers, preceded the bride to the altar. The guests numbered about 200, including prominent people from all parts of the country. Among those known to readers of the LANDSCAPE were Miss Fanny Austin. Mr. and Mrs. O. W. Jennings, Mrs. B. Oblenis, Miss Lizzie Oblenis, Messrs E. Bennett, F. Blackledge and Wm. H. Packer of Saddle River, and Mr. and Mrs. George W. Wager and Miss Lulu Wager, of Brooklyn, N. Y. The happy couple are on a wedding tour to Old Point Comfort, Va. Washington, D. C., etc.

Herbless of all thy beauty, pomp and state, The regal splendor thine for us to see— October merely meaning "month of eight"— The purple wearing Roman christened thee.

But seeing all the splendor thine to glow In yellow levelness over word and wold, I would a name appropriate bestow, And call thee fittingly the "Month of Gold!"

We see it stated that the family of Herman Storms, broken up and scattered by persecution, has been reunited. Companions in simple Christian faith, companions in affliction, like the gentle Acadians in Evangeline, "Bound together by the ties of a common belief and a common suffering," nothing is more natural than that they should faithfully cling to each other as long as life lasts.

In their sufferings they have all along had the quiet sympathy of the peace-loving neighbors of the better class, and it is to be hoped that those who were against them will be satisfied, and that a kinder and better spirit, one more worthy of the Christian religion, will now prevail.

### DUTCH NAMES OF PLACES IN BERGEN COUNTY.

Pollify, (now Hasbrouck Heights,) means Bog Meadow or Swamp.

Tenafly means Brush Swamp or Meadow.

Schraalenburgh means Barren Hill.  
 Steenrawpie, (as pronounced,) means Stony Arabia.

(1) Kinderkamack, (now Etna,) said to be an Indian name, has a very Dutch sound, and may be translated as a Dutch word referring to children.

Chestnut Ridge was originally Kerstange Rug.

Wilde Rug means Indian Ridge.

Donker Val means Dark Brook.

Old Hook means Old Corner.

The Hookie, as Waldwick used to be called, means Little Corner.

Saddle River, a name that has come to us from Dutch times, doesn't mean anything. It is a simple absurdity.

### MUCH LIKE MRS. PARTINGTON.

We heard a Bergen Co. man last Fall telling that his minister would preach a "tumble-down" sermon next Sunday. The sermon the minister did preach was an "autumnal" sermon.

For *The Landscape*.

### FLOWERS.

SWEET TEACHERS of the beautiful,  
 God's priceless gift, the flower!  
 Welcome alike in Autumn days,  
 Or Summer's radiant hours;  
 Welcome, wh'er their smile we meet  
 On native heath, or garden bower,  
 Ever a blessing and a joy,  
 Kind Nature's free and priceless  
 dower!

Alike for bridal, or for bier,  
 In spotless purity they bloom;  
 And ever lend an added charm  
 And help to beautify our home.  
 And, as to-day I sat in church,  
 And listened to the "spoken word,"  
 The voice of song, the reverent prayer,  
 That all by better nature stirred,

And saw upon the altar stand  
 An offering fair of Autumn flowers,  
 The purest and the sweetest gift  
 That brightens all this world of ours,  
 I thought what lessons we might learn  
 From these mute teachers, pure and  
 fair,

Of our good Father's boundless love,  
 And His creative power and care.

How to His children in such wealth  
 These floral treasures He hath given  
 That they may aid us on our way,  
 And help to make our earth like  
 heaven,

Making our lives more pure and fair,  
 Fragrant with good and generous  
 deeds,

Not living for oneself alone,  
 But for the world's great wants and  
 needs.

## A Borough.

A number of the townships of Ber-  
 gen county are irrevocably broken up.

About twenty boroughs have recent-  
 ly been formed, and more are coming.

In Orvil township, Allendale votes  
 on the borough question on the 8th,  
 upper Saddle River on the 20th, and  
 we ourselves on the 19th.

There is no doubt of the result.  
 The borough system has many ad-  
 vantages, and under the circumstances  
 in cases like ours, is almost an abso-  
 lute necessity.

This neighborhood, of which the  
 school, post-office, church, etc., is the  
 centre, should be kept together under  
 one government, and the formation of  
 a borough is the only thing to do it.

The correspondence from which extracts are given on another page, was not written for publication, but, as the names of the writers are not given, we hope they will not object.

The accidents and sudden deaths, so frequent in occurrence, proclaim with emphasis, We know not what a day may bring forth.

Knappen and his referendum in the New Jersey election got a responendum that was short, sharp and decisive.

From a religious paper we copy a poem by "CARRIE," which we think those who have admired her contributions to THE LANDSCAPE, will greatly enjoy.

DECEMBER WINDS, singing the dirge of the dying year, are suggestive to all of the mortality of man. Few, in health, like to think of the inevitable hour of which the closing year so strongly reminds them. Even to those in pain, existence is made tolerable and sometimes pleasant by living more in a world of thought and imagination than one of mere animal enjoyment. The thought in the verse of MR. GOODENOUGH is not unlike that of the bard of the bible, who, with tear-wet eyes, resignedly exclaims; "All the days of my appointed time will I wait till my change come."

To READ the papers just now, one might suppose that nobody could keep Thanksgiving without a turkey. How many, nevertheless, not only have no turkey, but face a cheerless winter, wanting the simplest food necessary to sustain life!

A HORRIBLE STORY comes from Armenia, where the Turks—fit work for a Turk!—are setting the Armenians right in their religion! The story reminds us of the doings in a far away country, called Bergen county, a little more than a year ago.

**MURDERED!**

On Monday evening, the 26th, Jerry Storms, a resident of Allendale, on his way home, stopped at St. George's "hotel," on the Paterson road, in Ridgewood. While Jerry was in the house, St. G., without the owner's knowledge, took Jerry's conveyance and, with a companion, drove away, going to a barber's in another part of the village. After a while Jerry discovered his loss, and, impatient at the delay the act caused, in keeping him from going home, Jerry set off on foot to find St. George and obtain possession of his property. Some time later, about 10 p. m., he was found, with his head crushed, lying dead in Prospect St. At first it was supposed that he had been run over, but it is now strongly suspected that a murder has been committed. The coroner's jury charge some one "unknown" with the crime.

An election was held on the 19th and the vote stood for incorporation 56, against 6. The new borough has a voting population of 120.

Upper Saddle River became a borough on the 20th by a vote of 46 to 4. Its whole number of voters is about 100.

Allendale became a borough on the 8th.

No matter how many city papers

 table farms in this part of Bergen Co.

 can of December 17th.

 editor, has been changed from a tri-  
 weekly paper to a weekly. For 6 months

The following is printed on a dodger  
 that has been liberally distributed at  
 Park Ridge: "A Protest! A meeting  
 will be held in Foresters' Hall, Park  
 Ridge, Saturday, Jan. 2 at 8 p. m.,  
 To protest against the practices of cer-  
 tain Justices of the Peace in extorting  
 illegal fees and molesting distur-  
 bances in the community, and to take  
 such steps as may be considered advis-  
 able to stop the practice. The general  
 public and those who have been vic-  
 timized under color of the law are in-  
 vited to attend.—Hackensack Record.

Concerning the two-column article,  
 under the head of CHLOROFORM,  
 in a New York paper, giving "full par-  
 ticulars" of the chloroforming of H. C.  
 Bush and wife by robbers, the Bergen  
 Co. Democrat says:

"The story is another fake pure and  
 simple. Dr. Neer emphatically denies  
 that he was called to the residence  
 of Mr. Bush and worked all day to  
 resuscitate him from the effects of  
 chloroform. Who is the continental  
 liar hereabouts who dupes the New  
 York press with false stories?"

Who? The original fake-maker, who  
 fooled some of them to the top of their  
 bent, is now known by his Park Ridge  
 dupes by the name of "Ananias." An-  
 other one of them is the fellow who  
 not long ago was expelled from a club  
 of gentlemen in New York for fooling  
 them with the story that they were  
 about to receive a visit from the Prince  
 of Wales!

The first week in the month brought  
 us the "January thaw,"

A few days after brought us the  
 January freeze.

Blacksmith Winter died suddenly of  
 heart disease.

The valley roads were alive with  
 the merry jingle of bells during the  
 Christmas holidays.

George F. Behringer, Jr., drove over  
 with a sleigh from Nyack to attend  
 Sunday school entertainment in the  
 Lutheran church on Christmas night.

F. H. Storms drove to New York with  
 a load of furniture, and found good  
 sleighing all the way down.

Postmaster Storms has secured two  
 mails a day for Saddle River, the new  
 arrangement to begin next June. The  
 contract for carrying the mail between  
 Saddle River and Allendale has been  
 awarded to O. P. Steward, a  
 Missouri "star" route contractor, at  
 \$214 per annum.

Peter J. Demarest has a situation as  
 clerk in a grocery at Norwood, N. J.

George B. Smith, Jr., occupies the  
 Mrs. Walter's cottage.

Jacob H. Zabriskie, somewhere about  
 80, in consequence of a recent attack  
 of sickness, is now confined to his bed.  
 A few days ago he made the remark that  
 "of all the playmates of his youth  
 only two remain." So fall the leaves,  
 one by one.

We are indebted to U. S. Senator James Smith for Reports of Government Survey, and Prof. John C. Smock, State Geologist, for Annual Reports. His favor is highly appreciated.

The study of Geology lends a new interest to every feature of hill and brook and rock we see around us. The pretty terraces on which are built the residences of Messrs. Wandell, Winter, Smith, the Eulers, Storms, Berdan, Victor, etc.—the charming boulder-strewn glen, with its rocky water-worn brook and laureled hills, at Garry Ackerman's saw-mill,—the pretty elevation, rising like an island in a sea of green above the ordinary level of the valley, on which is built the residence of A. H. Ackerman, etc.—are only a few of the many picturesque features for which Saddle River is indebted to the agencies of Geology.

Every spring there is a long battle between the forces of the sun and those of winter. One day the summer forces push winter back to the far north, the next winter rallies its forces, ice, wind and storm, and summer is beaten back. Such a rally we had recently, but the summer rules to-day.

### When the Woodpecker Sings.

When the woodpecker sings  
There is green on the wold,  
And the white vapor clings  
To the mysterious mold,  
And the butterfly soars  
On be-diamonded wings,  
To inscrutable shores  
When the woodpecker sings.

When the woodpecker sings,  
There is hope in his voice,  
For the message he brings  
Bids the world to rejoice;  
For the dark, and the cold,  
And the shadow that clings,  
Turn to glory and gold  
When the woodpecker sings.

When the woodpecker sings,  
There is light on the hills,  
And the blue welkin rings,  
And the glad ether thrills  
With the joy he foretells,  
With the blessing he brings;  
And the daffodil swells  
When the woodpecker sings.

When the woodpecker sings,  
There are dreams in the skies,  
And the soul steals the wings  
Of the singer and flies  
To the light and the land  
Of unspeakable things,  
When the tulips expand  
And the woodpecker sings.

The falling blossoms, blown in tiny drifts, seem playfully mimicking the snows of winter.

Abm. W. Ackerman and Mrs. Jessie Gage are married.

The Post Office is now at Mr. John De Baun's, who has been appointed P.M., in place of F. H. Storms, resigned.

Mr. Storms, who succeeded Mr. W. F. Barkham, has been an excellent P. M., but the pressure of the store and livery business made him very willing to be relieved of the position.

A word of praise is also due Mr. H. G. Zabriskie, the attentive and obliging assistant of Mr. Storms in the store and P. O.

Two mails a day instead of one is one of the improvements our ex-P.M. has made during his term. The new arrangement begins on the 1st of July. At that time the contract of A. H. Ackerman, who has carried the mail long and faithfully, will expire.

We learn that Ernst Aekt, the tailor, will be his successor.

Mr. Kraus, the station agent, is the new P.M. at Allendale.

The Rev. E. Hughes has resigned the pastorate of the Luth. Church. The preaching Sundays is by candidates for the position.

A. H. Ackerman, road overseer, has been working the avenue back of the Landscape office. The road is a shady drive, much traveled for pleasure during the summer.

Politically, Allendale seems just now to be having the kind of time history reports the monkey and parrot once had.

Thieves have made a raid on John Mouroe's chicken preserve and committed other petty depredations.

DECORATION DAY.

One day devoted to our precious dead! One day to plant a flower upon the graves of dear ones gone and water it with our tears! It is a holiday that is worth something.

HOUSES OF REVOLUTIONARY TIMES.

Two houses of revolutionary times are still standing in Saddle River.

The house of John H. Osborn was occupied by Van Buskirk the great-grandfather of Mr. Osborn. The house was near enough completed to live in, but some of the bannisters and other portions of the interior were not finished till after the war.

One day a company of the enemy's cavalry made their appearance at the farm, threw out the contents of some large "barracks," (covered stacks,) of unthreshed rye, feeding their horses what they wanted, and then departed, setting fire to what the horses had not consumed.

The kitchen of the John R. Achenbach was occupied by John's great-grandfather Ackerman, and a regiment of American cavalry was a

one time camped on the "flats" over the little brook east of the house. The late Garret Ackerman, who was a boy at the time, used often to relate how he had seen Gen. Washington himself on horseback pass up the road and return. The fact that the great man bowed to the little boy was one of his cherished remembrances.

WHITSUNDAY—PINXTER.

The Dutch name for Whitsunday is Pinxteren. The German is Pfingst or as generally used in the plural Pfingsten. Among the early Dutch settlers Pinxteren and Paaschen, (Easter,) were observed more as secular than as religious holidays. The only other holidays they had in the year were Kerstydtt, (Christmas,) and Nieuwe Jaar, (New Year.) The so-called Pinxter Apple Blossom of our woods is an Azalea.

A VISITOR FROM NEW YORK STATE

The boulder, often tinted with green, made up of large pebbles of many pretty colors, is, from its description, the Oneida conglomerate, specimens of which are widely distributed by glacial action all over the Northern part of New Jersey.

COMMON THINGS;

Common blessings are too little appreciated. In whole states, on account of organic matter or mineral impurities, not a cup of good water can be obtained. The waters of Northern New Jersey are noted for abundance and purity, and among them the clear and crystal waters of Saddle river and our wells are preeminently pure and good.

John Smith, from Jennings, is at F. P. Van Riper's.

John J. Ackerman, of Paterson, has been engaged as Principal of the Allendale school.

F. H. Storms and E. J. Hardy will supply residents of Allendale, Waldwick and Saddle River with ice from Hardy Lake. There is hardly anything more necessary to make life enjoyable than a good supply of ice during the summer, and there is no ice that goes ahead of the product of Hardy Lake.

A Western "star route" man is the contractor for carrying the mail. This man sent an agent who obtained terms, etc., of several persons for doing the work. The agent reported to his superior, and A. H. Ackerman, our long tried and efficient mail carrier, was selected for the position.

The semi-monthly Summer Evening Hops of the A.O.F. in Saddle River Hall, which were such an attraction last year, will be repeated this summer. The opening of the series will be on Saturday evening, June 12th.

The Lord's Farm people have planted about 100 bushels of potatoes and other things in proportion on the different places they are working. Their own farm, with its young fruit trees, its crimson-topped clover and freshly planted fields, is a picture of beauty at the present time.

John G. Esler addressed meeting of American Florists in N. Y. on Hail Insurance. Once people here grew gray in the belief that "Saddle River isn't subject to hail storms," but when the heavens opened their batteries of ice on us, they learned something.

Dr. Henry B. Kuemmel, of Chicago, has been spending some weeks in Bergen County in the employ of the New Jersey State Geological Survey. The object in the making of a careful and as far as possible complete survey of the Red Sandstone (Newark) formation of New Jersey. All the roads have been traveled and all the exposures along brooks, etc. carefully examined. Interbedded with the sandstone have been found ledges of a conglomerate, the formation of which in connection with the sandstone is of great interest in a scientific point of view. The place of its largest and best exposure is in Saddle River, where it was first discovered, and where it forms the rugged ledges on the wooded hillside opposite the residence of Mr. Stilwell. Small exposures were also found near the quarry at Montvale and in a ravine at Park Ridge.

**WOODCLIFF'S PERCHED BLOCK.**

Dr. Kuemmel found and made a careful examination of the Woodcliff perched boulder recently mentioned in The Landscape. The evidences of glacial action, as shown in glacial markings on the principal boulder and on several smaller ones surrounding it, he found remarkably distinct and beautiful.

September opens with delightful  
Autumn days.

Charles L. Packer, of Philadelphia, has been on a visit to his father.

Mrs. Osborn, mother of James A. and Geo. Osborn, is dead at 80 years of age.

John G. Esler has been on a visit to Providence, R.I., where the American Florists held their annual convention. Mr. Esler was elected secretary of the Florists' Hail Insurance Ass'n, a position he has held ever since the formation of the Ass'n a number of years ago.

John J. Ackerman will teach at Allendale the coming year. J. Alfred Ackerman begins his eighth year as Principal of the Oradell school. Mr. A. has been a teacher in Bergen County 25 years. Arthur Ackerman will have charge of the school in Saddle River.

The hops this month will be on the following dates, Sept. 11th and 25th.

Daniel C. Bush and wife of Masonious were recently on a visit in Saddle River. Husband and wife both are about 80 years of age.

The Ladies' Social Union Fair drew a crowd and was a great success.

The Simonton family have been at O. W. Jenning's.

The hickory nut crop in the woods is good. The report of the hunter's gun, shooting squirrels, often falls upon the ear.

WHITE ROSES.

I love white roses, for I know  
That when my mother sank to rest,  
They plucked them, spotless as the  
snow,  
And placed upon her blameless breast.

And that is why I do not weep  
When bleakly blows the winter's  
blast,

And on the graves of them that sleep  
The winter flakes are falling fast.

For when upon the frozen plain  
I see the flakes of winter pressed,  
I know the Lord of Life has lain  
Another rose upon her breast.

—ARTHUR H. GOODENOUGH,  
W. Brattleboro, Vt.

The poetry we print to-day speaks  
for itself. That on Spring is a fine  
piece of description. "White Roses" is  
beautifully tender and touching. "The  
Rallying Cry" is the strongest appeal  
to the patriotism of the nation we have  
yet read. If war comes, Arthur H. Good-  
enough will be its Post Laureate,

THE RALLYING CRY.

Remember the Maine!

Remember the MAINE! remember the  
MAINE!

Remember the brand and the curse  
of Cain!

Remember the Spaniard's dark disdain!  
Remember his lust of blood and pain,  
And wreak your wrath on the ships of  
Spain!

Remember the MAINE! Remember the  
MAINE!

Remember the blot and the cruel stain,  
The deep disgrace that shall never wane,  
While tombs are written, or pen remain,  
And harry and burn the ports of Spain.

Remember the MAINE! remember the  
MAINE!

Burn it and brand it on breast and brain,  
Harden your hearts to the red refrain,  
Blot out the blot and wipe out the stain  
In the blood of the barbarous spawn  
of Spain.

Remember the MAINE! remember the  
MAINE!

Remember the prayers that were said  
in vain,

Remember the souls of the seamen slain,  
The hellish hate and the rage insane,  
And levy the tax of blood on Spain.

40 ft. from the surface two nuggets of

that glitters, and it is possible that  
the nuggets were some pieces of de-  
composing mica-schist. That gold may  
exist here, however, is not as improb-  
able as some may imagine. In the  
great ice-movement that took place  
after our red sandstone was laid down,  
all the material that covers the rock so  
thickly, was brought from regions  
north of us, and if there was any  
gold in the course of the movement  
between here and the distant north,  
some of it may have been carried down  
and deposited with the other mate-

We think our readers will be pleased to see the following kind notices of The Landscape. They are from two of the oldest and best edited weeklies published at the county seat. They are widely circulated, bright, newsworthy and reliable papers.

The Saddle River Landscape, edited by A. P. Smith has reached the seventeenth year of its existence. We hope it will live more than seventeen more. It is an originally edited journal. ### PENITENCE.

When Christ at Bethany abode  
And bore Him many cares and fears,  
His feet all wounded by the road  
Repentant Mary wet with tears.

Then o'er His brown and curling locks  
With hands of reverence, love and care  
She broke the alabaster box [there,  
And spilled the precious ointment.

And when the guests astonished looked  
And chid her for the gift bestowed,  
Their rising murmurs He rebuked  
And praised her for the love she [showed.

And whosoever we shall choose  
To spurn the errors of dead years,  
Be certain He will not refuse  
Either our treasures or our tears.

### THE FAITH CURISTS

The Church of the First Born, (Faith Curists) Jersey City, reports 1600 conversions and baptisms in various places during the last 16 years. The report says: "They come from every denomination, including Methodists, Baptists, Roman Catholics, Presbyterians, Lutherans, Unitarians, Universalists, Hebrews, skeptics, agnostics, and even a Mohammedan priest."

The Lutherans who founded our Saddle River church, we imagine, would have thought that Lutheran disciple of Mrs. Antoinette Jackson, theologically, a very queer sort of a flab.

We would rather see some of his cures, than to hear him talk about them.

Chestnut trees are bending with the load of nuts, now turning brown and beginning to open.

Will Blackledge, of Co. K, (the Mountclair Co.,) 2nd New Jersey, has been on a furlough. The Reg't spent the summer at Jacksonville, Fla., but is now at Sea Girt, N. J. Unless some nation wants more fight, it will probably be mustered out some time this fall.

Rev. J. H. Ware, pastor of the Little Zion M. E. Church is teacher of the school in Upper Saddle River.

John J. Ackerman, an experienced teacher, is again Principal of the Allendale school.

The pupils of Miss Stevenson, "our" school, are talking about an exhibition to come off some time this month.

Arthur Ackerman, we understand, is teaching at Wortendyke.

The last of the Foresters' Saturday night entertainments in Ass'n Hall was the best of all. Only two more will be held—the grand winding up of the season—October the 8th and 22nd.

Robert Dickson was lay delegate to the Lutheran Synod of N. Y. and N. J.

In the change of the leaves nothing exceeds in beauty the Virginia Creeper or American Ivy. Climbing to the top-most branches of the graceful elms and other trees, its leaves brilliantly crimson mingling with the green of the tree, it presents one of the most striking pictures of beauty which the delighted eye, anywhere beholds. The little birds, robins and others, in great numbers, joyfully fluttering among the leaves, feeding on the abundant black berries of the ivy, add animation to the scene.

The Autumnal changes have kept Storms's transportation wagons on the go, moving people back to the city.

To each and all, A truly Happy Year!

Erratum; By mistake the first page of some copies of this issue is erroneously dated No. 5, Dec., 1898 instead of No. 6, January, 1899.

Many thanks to friends who kindly remembered us during the holidays.

The editor begins the year with his usual low degree of health and strength, and during the winter is closely "shut in."

As far as the eye can reach a gloomy cedar here and there is the only green thing visible. The fields around us, the hills and distant mountains, all are cold and glaring white.

Arthur H. Goodenough, a young man yet under 30, is "Poet Laureate" of the two Amateur Press Associations of America. What beauty and power in everything he writes.

To the list given in another column should be added the Ramsey Journal, Tenafé Record and Hasbrouck Heights News-Letter.

The Web We Weave.

[The following is interesting on account of the source from which it comes as well as the thought it contains, which seems peculiarly appropriate at the beginning of a new year.]

On earth we find ourselves,

We exist, we breathe,

The romance of life with

Other mortals weave.

Some weave what the world calls

Well, and others not;

The same material

Is not another's lot.

But we weave our web till

Time brushes aside,

And the other weavers

Announce that we have died.

May the texture of our

Web please without fail

The Eye that our power

Never yet could veil.

Arthur Ackerman and Miss Maggie DeBaun were married Dec. 26, Rev. I. Van Campen, of the Ref. church, officiating.

"Little Zion," bright with lights and brimming with joy, was crowded with happy children and their friends on Christmas eve. The exercises by the children were delightful, and the impersonation of Santa Claus by one of the boys was particularly good. Among the presents liberally distributed were many large and valuable books. Rev. J.H. Ware delivered a suitable address, and the performances on the organ were by Mrs. Ware.

The entertainment in the Lutheran church was held on Monday evening, Dec. 26th. The exercises consisted of recitations, singing and the distribution of presents. Mrs. Demarest's class of little ones, which is the largest class in the school, was a very pretty and interesting sight. In the exercises, the Misses Estella Storms, Ruth Demarest, Edna Hutton and the Misses Ealer attracted special notice. Miss Christina Blauvelt, with her usual grace and skill, presided at the organ, and deserves much credit for the success of the entertainment.

Miss Laura Bonney Wager, daughter of Mr. and Mrs. G.W. Wager, and the Hon. Harris Wilson, were married in the Church of the Incarnation, Brooklyn, on Dec. 14, 1898. The Rector, Rev. Dr. J.G. Bacchus, was the officiating clergyman. The ushers were Weston W. Wager, Samuel Wightman Wilson, F. W. Relyea, Louis D. O'Neil and Gerald F. Shepard. Miss Lillie R. Wilson was maid of honor, and the bridesmaids were Miss Freda M. Bruen and Miss Jessie Ridley. Best man was Mr. Frank Barker.

Caroline, wife of R. V. Ackerman, Allendale, aged 58, died of consumption Dec. 31st. Mrs. A. was a daughter of the late Col. H.G. Ackerman of this place.

Mrs. Mary Frost Davis, wife of David P. Davis, Allendale, died Dec. 14th, aged 45.

Vol. 17, No. 12. JULY, 1899

To what we gave of personal history last month we may add that the Smiths of Saddle River are not "Smiths of Peapack," but are a branch of the family that produced the famous Gerrit Smith, "the Sage of Petersboro," N. Y. Peter, the father of Gerrit, was at one time a resident of Chestnut Ridge. He was a partner of the elder J. J. Astor in the fur trade with the Indians, and afterward moved to Western New York, where by fortunate purchases of land he became immensely rich.

The little place on which The Landscape is published was purchased by the editor's great-grandmother on the maternal side from one of the Van Baskirks in the year 1804. Afterward it was bought from the heirs by Peter Smith, the writer's father, and thus by inheritance or purchase has been owned by the family nearly 100 years. It is, we believe, a part of the original purchase of Albert Seborowski from the Indians.

The skill with which Arthur H. Goodenough makes use of the story of Naboth we greatly admire. The last line should read "Forbear to kill." This advice is as good for Naboth as for Uncle Sam.

MARY ESLER.

Mary Esler, whose talents have been admired by the people of Saddle River, is holding her own with professionals and securing the encomiums of people who sing and act for a living.

She appeared recently in a New York entertainment with a Boston Professor of Music as her rival. The following are some of the press notices she received:

A most pleasing feature of the night's fun were the recitations and singing of Miss Mary U. Esler the pretty and talented six year baby girl of John G. Esler of Saddle River, N. J. The audience showed its full appreciation of the gifted little one's efforts by applauding her to the echo and tendering her a rising vote of thanks.

Miss Mary U. Esler, aged six, gave several recitations and sang some songs. The little girl is a wonder. Her elocution and knowledge of music are remarkable. The little lady will be pleasantly remembered by those who were present.

A dainty and exceedingly pleasant addition to the entertainments was the presentation of several pretty character songs by J. G. Esler's six year old daughter Mary whose performance was both talented and sweet and created much enthusiasm among the audience.

The little lady is in such demand that the parents have been compelled to decline invitations from every direction, as she was injuring her health by giving too many exhibitions of her skill. Without exaggeration, she is a born actress and holds an audience completely.

July gives some delightfully cool days.

The city people are enjoying quietude and rest, with pure air and water, amid the scenes of country life.

During a thunderstorm, Gus Lesmon's barn, into which, warned by the the the approaching tempest, he had just driven with a load of hay, was struck by lightning and with the carriage house speedily consumed. The horses were saved.

The teachers engaged for the next school year are Miss Helen Morley, Principal, and Miss Adele Harris, of Allendale, Teacher in the Primary Department.

Miss Lola Esler has been appointed Librarian and Miss Mary Ackerman Asst. Librarian of the School Library. Books may be obtained between 2 and 4 every Monday afternoon.

Principal John J. Ackerman has been engaged by the Allendale school for another year at an increase of \$50., or \$750. per annum. Mr. A. is one of the best and most experienced teachers in the county.

Hugh Maxwell died June 23d at the age of 76 years.

Mr. Sulzer, brother of the New York Congressman, has a fine place, where it catches the summer breezes fresh from the Ramapo mountains, and is making many improvements.

The view from Ackerman's boarding house, near Sulzers, looking down on the lovely fields beneath and across the valley to the High Mountain—a mass of trap 800 feet high—and far off over Hobokus, Ridgewood, etc., to the steep face of Garrit Rock in the blue distance at Paterson, is exceedingly beautiful.

They are slaves who fear to speak  
or the wronged and the weak;  
They are slaves who will not choose  
hatred, suffering and abuse,  
rather than in silence shrink  
from the truths they needs must think;  
They are slaves who dare not be  
on the right with two or three.

—James Russell Lowell.

BLANDINA (this is the way the  
name is correctly spelled) was a Roman  
widow in the days of Pagan persecution.  
Imprisoned, repeatedly put to torture  
to make her confess the shameful crimes  
of one doubted the followers of Christ  
were guilty of among themselves in  
secret, she died, protesting till her  
voice was stilled in death "We are  
CHRISTIANS and there is no evil  
one among us!"

Concerning the pulpit bigot and  
murderer that excommunicated the editor  
of the Ramsey Journal and wife for  
making a few "snap-shots" on a Sunday,  
the Closter News pertinently says:  
"Churches commit such acts of folly  
as this, and then mournfully ask why  
people don't go to church."

On the sheriff's blotter Huntsman's  
age is given at 52 years; McClintock,  
39; Mary Storms, 33; Garret Storms,  
35. The Lord's Farm comprises 14  
acres, and is known as one of the finest  
fruit farms in Bergen Co. Its products  
are sold in New York, Paterson and  
Hackensack. Huntsman and his people  
work other farms, their services being  
eagerly sought by reason of their  
faithfulness and honesty. Those who  
have thus come to know them best put  
the least faith in the oft repeated  
stories told against them.—Index.

We know that the charge of keeping  
a disorderly house is false. Everything  
at all times shows order and purity.  
In self-denial of appetites and senses  
they deny themselves tea, tobacco, etc.  
and all animal food with more  
than Lenten strictness. Books of  
the various orthodox Christian sects,  
with never any "love" stories,  
are eagerly read whenever they have  
opportunity. We have been with them,  
night and day, weeks at a time. They  
never dance. A profane word we  
never heard fall from their lips, and  
never have heard a word or seen a  
look that showed the slightest trace  
of sensual thought or feeling.

The Republican says the Prosecutor  
admits their honesty, frugality and  
industry, but says "when they get in  
Lord's part it is different." We know  
there is no such secret apartment. The  
number of people in the house, some,  
like ourself, with no special religious  
sympathy, makes such imagined se-  
crecy an utter impossibility.

A severe affliction, the paralysis of one of the optic nerves, threatens CARRIE with the total loss of sight. A poem from her pen, which we should all value very highly, will appear in our next.

ALLENDALE.

The graduates of the Allendale School, J. J. Ackerman, Principal, for 1900, are seven, namely, Archer Astor, Edna Stormes, Bertus Mullinson, Arthur Appert, Fred Willard, Bertie Smith and Willie Youmans. The school is in excellent condition, a result of the three years' service of a practical and experienced teacher at the helm.

Miss Mary Estler, the child elocutionist, took part in an entertainment. The ladies, in appreciation of her talents, presented her with a handsome white silk parasol.

We hope our friends will not forget to send for a copy of Arthur H. Goodenough's new book.

The title, "Grass of Parnassus," is suggestive of the home of the Muses. A pretty New England flower also bears the name. "Grass of Parnassus."

GRASS OF PARNASSUS.

NEW VOLUME OF POETRY BY  
ARTHUR H. GOODENOUGH.

In answer to the solicitations of his many admirers, a volume of new poetry from the facile pen of Arthur H. Goodenough, will soon appear. The book will consist of 62 pages, bound in clouded paper of attractive design, will contain some of his very latest and best work, and will sell at 25 cents per copy, money to be sent to the author, West Brattleboro, Vt.

We hope our readers, who have enjoyed his contributions in The Landscape, will not fail to get a copy.

O. W. JENNINGS' MURDERED.

On the 6th—a lovely June day—Howard Burnett who had just come from H.T. Cannon's, stealthily followed O W. Jennings to the rye field, near the barn, and from a revolver fired two shots in his head, killing him almost instantly. He then went to the house, where his wife and child, 4-years old, and Mrs. J., were at the porch, and put a shot in his own head, dying a few hours later. Burnett owed much to Mr. and Mrs. J. who brought him up and whose adopted daughter became his wife. He had been with his family at Jennings' since November and Jennings had requested him to go and, at least, support himself. He went to Mr. Cannon's, next door, and in a week committed the murder.

The Foresters' Midsummer-Night Hops are just the thing to make summer's enjoyment complete and are very successful.

The graduates of the Borough school, taught during the year by Miss H. Edith Morley and Miss Della Harris, are Mary Ackerman, Lola Ward Estler, Mary Strobel and Samuel Gage. There were many fine recitations; including those by Mary Estler and Miss Siner, at the commencement.

Alfred P. Smith, Editor.

Here begins our 19th volume A kind  
greeting and thanks to all our friends.

The poem of Mr. Goodenough will bring  
back echoes of the past in sweet memories  
of the summer nights we so lately enjoyed.  
How many felt the charm, but how few have  
the poet's gift of expression like Arthur H.  
Goodenough.

If you want a good Bryan paper,  
take the Rutherford News, ably edited  
by Alexander Webb.

Editor Wm. E. Demarest has been  
engaged to infuse life into the Engle-  
wood Times.

Hugh M. Herriek, of the Republican,  
is widely noted for the spirit, purity  
and vigor of his editorials.

At this time the probabilities are that  
Joseph H. Gillotson, editor of Englewood  
Press, (Rep.) will be nominated for  
Assemblyman. A good candidate.

The Bergen Index, Independent,  
S. E. Clapp publisher, is carefully edited  
and may well be called "a model  
county weekly."

James A. Remova is editor of the  
Hackensack Evening Record. If you  
wish a good daily instead of the lying  
and nasty "yellow journals," try the  
Evening Record.

Referring to our remarks at the  
close of the Landscape's eighteenth  
year, the *Hackensack Republican* says:

Mr. Smith is the only editor and pub-  
lisher in Bergen county who can truly  
say that he sets his own type and  
prints his own paper. His office is on  
a side hill, "far from the madding  
crowd," where nature is in her richest  
and most happy mood. Birds sing merrily  
in the wildwood; squirrels hop  
blithely from tree to tree; rabbits and  
other game come into the open formed  
by the public highway and gaze shyly  
upon the man who is his own "devil,"  
composer, pressman, reporter and  
editor.

The accuracy of this description will  
be recognized by all who know the  
place. What is said of the birds, squir-  
rels, rabbits, etc., is every way literally true.

Mr. A. P. Smith, here's to you. Your  
row has been a pretty hard one, but you  
have toed it faithfully. You deserve a  
better printing shop and greater conve-  
nience than you possess. But you have  
wrought faithfully with such as you had  
and you have been a pretty square sort  
of a man. If you don't get your reward  
hereafter, your friends will think there  
has been an error in the adjustment of  
affairs. May you print your paper  
eighteen years more.

In the above we recognize the hand  
of a practical printer and one of the  
best editorial and reportorial writers  
in New Jersey. Thanks, Mr. E. K. Bird.  
Thanks, *Hackensack Republican*. May  
you live long and prosper!

A valuable Jersey heifer, belonging to  
Jacob H. Demarest, Woodcliff borough,  
was worried and nearly torn to death  
by dogs. One ear was nearly chewed  
off.

Saddle River Borough has been fur-  
nished with new guide-boards.

The new pastor of the Lutheran  
church, who now occupies the parson-  
age, is the Rev. M. L. Snyder, from  
Pennsylvania. A Christian Endeavor  
society, in connection with the church,  
has been formed since he commenced  
his work.

The suggestion that the beer and  
rum wagons be required to pay a  
license of \$100 each, is a good one.  
People can get all the rum and beer  
that is good for them without the  
help of these very accommodating  
wagons.

Kind friends of the Landscape! Merry  
Christmas! Happy New Year! May  
our days be long in the land, and  
happy!

Another notable farm Woodcliff can  
boast of is the "Hope Farm," owned  
by H. W. Collingwood, the well-known  
editor of the Rural New Yorker.

Cornelius Hyblom, a talented young  
man who spent the summer on the  
lord's Farm has gone to California to  
visit "Peace Hermitage," a place for  
high spiritual culture and study, under  
the care of Swami Turyananda and  
conducts it after the manner of similar  
places in his own native land.

Hon. O. F. Brown, of Gretna, La., a  
valued friend of many years, has passed  
away. Mr. Brown was a native of N. J.,  
Union veteran, a wise and brave leader  
in politics and many years a member  
of the Louisiana Legislature.

Friends whose letters may not have  
been answered, will please excuse. Much  
of the time we have felt too weak to lift  
pen.

To A. H. Ackerman and others to whom we  
are indebted for special favors we return  
sincere thanks. May none of them fail to  
have a Merry Christmas and many Merry  
ones in the years to come.

THE DUMB SOUL.

My lips can speak, but my soul—  
It is dumb as the dumbest clod—  
In vain a thousand times—  
I have hidden it cry to God.

In the dread, despairing days,  
That have followed each on each,  
For—Christ knows how many years—  
It has lost the power of speech.

Sometimes, deep down in my breast,  
It's struggles to speak I hear,  
But an inarticulate moan  
Is all that comes to my ear,

Like a sea bird's wildest wail.  
Under December skies,  
Over the black, coast crags,  
As it screams and, shuddering, dies.

To be dumb of lip—sometimes—  
Would be scarcely less than bliss:  
But dumb of soul—Sweet Lord!  
Could hell be worse than this?  
—Arthur H. Goodenough,  
W. Brattleboro, Vt.

The religious feeling, which is one  
of his characteristics finds expression  
in "The Dumb Soul" by Mr. Goodenough.

Joy to the "New Baby" that will  
this year see its first Christmas! Long  
may it live and be happy!

Miss Cornelia M. Bartow of this place,  
and Mr. Cornelius Terwilliger, of Wyck-  
off, were married on Wednesday evening,  
Dec. 12th, 1900. The ceremony was per-  
formed by the Rev. A. J. Conklin, of  
the M. E. Church, at Waldwick. The  
groomsmen and bridesmaids were Mr.  
and Mrs. Snyder, a sister of Mr. Ter-  
williger. After the wedding a family  
supper took place at the residence of  
the bride's parents, at Chestnut Ridge.  
Cornelia and Cornelius is a happy com-  
bination of names. May their combined  
lives be equally happy!

John J. Ackerman, recently Principal  
of the Allendale school, is now engaged  
as teacher of the school at Pompton,  
N. J. Pompton is historic ground. The  
Scuylers, Colfaxes, etc., are historic  
names. Gen. Colfax was, we believe, one  
of Washington's staff officers. Mr. Ack-  
erman is boarding in one of the Colfax  
families.

Arthur Ackerman is teaching at  
Wyckoff.

M. M. Smith has been serving on the  
grand jury.

The Lutheran church is prospering  
under the care of its new pastor, the  
Rev. M. L. Snyder. The Christian Eco-  
nomic League, lately formed, gave a "Waffle  
Supper" which was extraordinarily  
successful. The officers of the O. E. S.,  
which is very popular, are Mrs. M. L.  
Snyder, President; Miss Kittie Lin-  
kroum, Secretary; and Frederick Dem-  
arest, Treasurer. The Sunday School  
is now making preparations for an at-  
tractive Christmas Entertainment.

We thank friends who very kindly remembered us during the holidays. May the new century bring them such happiness.

M. O. J. Victor recently had a letter in the Sunday Tribune which ought to put a quietus on the attempt to make the "Library" periodicals blameable for the deficiencies of postal revenue. Mr. Victor demonstrates that it can't be. These books do not constitute more than about two or three per cent of the whole amount of matter that is transported by the mails.

INASMUCH AS YE DID IT. An elderly couple of Montvale, dread- ing to face the discomforts of winter one and desiring company in case of need, have been furnished with comfortable winter quarters in the Lord's farm residence. They are a very respectable couple, and have long been associated with the Farm family.

Mr. Goodenough has a poem in Park's Local Monthly for January.

Flowers for weddings and parties. J. & A. Selzer furnish them.

For The Landscape.

THE ICONOCLAST.

Forth went he through a wanton world  
Amid harsh words and frowning faces,  
and broke old images and hurled  
Time-honored idols from their places.

Some shouted "Blasphemer!" and some  
Fierce-faced fanatics "Crucify him!"  
Approval stood afraid and dumb,  
And none was there to justify him.

Yet on he passed, his grand intent  
Uncooled by all the wrath and clamor,  
And at each step as on he went,  
Some error fell before his hammer.

The ban of Church and State alike  
Declared him outcast, doomed and  
hated;  
Yet had his arm the strength to strike  
At wrong, however venerated.

Upholders of dry-rotted creeds  
And empty rites, as one, maligned him,  
And cursed him for his daring deeds  
And to the death of death consigned  
him.

Time passed; the image-breaker died;  
Himself a man, and many-faulted;  
And whom it would have crucified,  
The world to heights sublime exalted.

History; The Landscape when started, was the only paper published in Bergen County anywhere north of Hackensack.

The well-informed Waldwick correspondent of the Hackensack Republican has the following concerning the Spring election:

The probability is that Freshholder Ackerman of Orville will be renominated by the Republicans, as his record has been one that has met the approval of the tax-payers. The probable Democratic candidate for Constable is Henry H. Goetschius who is well-known hereabouts.

The Hackensack Index kindly refers to the health of editor Smith. Extreme debility that refuses to yield to any coaxing, is one of the troubles.

John D. Berdan, the shoemaker, died suddenly of heart disease on Monday, Feb. 25th, at the age of 81 years and 3 months. He lived in celibacy, a simple, gentle Christian life, and was a member of the Lutheran Church, which he sincerely loved and of which he was one of the leading supporters. The funeral on the 28th was very largely attended.

Wm. Shorter, the sick man who was kindly taken in and cared for, died at the Lord's Farm.

Meert roert syn staert. March shakes his tail, (like an angry beast.)

April doet wat hy wil. April does what he pleases.

Immortal Thought.

Loss and longing, gain and glory,  
All are vain and transitory,  
But the soul's supreme endeavor  
Lives in things divine forever.

On the Page eternal showing  
It will live in letters glowing—  
Time and change cannot efface it,  
Death himself cannot erase it,

Tho' the breath shall cease its beating,  
Tho' the heart shall stay its beating,  
It will live when dust is blended  
With the dust and life is ended.

With us in God's Heaven meeting,  
It will know and give us greeting—  
—ARTHUR H GOODENOUGH,  
W. Brattleboro, Vermont.

A subscriber in a friendly letter asks, "Do you believe in another world," [i.e., in a future existence?] Actual proof we have little, but immortal longings stir the soul and we are not without hope. The poem of Arthur H. Goodenough, printed above, will be read with interest in connection with this subject.

The weather is of but temporary interest, to-day the subject of conversation and to-morrow entirely forgotten. If the people's memory of such things was not so short, the terribly severe and unremitting cold of the present February would be long remembered.

Snow was not excessive in quantity, but the early part of the month furnished the best opportunity to judge the sleigh-bells we have had in several years!

Coasting, skating, parties, etc. all have afforded much pleasure but, notwithstanding, it has been, in many ways a season of almost general discomfort of we hope soon to see the end.

Rev. M. L. Snyder was prevented from preaching by severe cold.

Surrogate Pell has had an attack of pneumonia, but it is hoped he is recovering, though slowly.

Mr. J. G. Esler has been on a visit to Washington, D. C.

The Foresters' Masquerade was as usual, a great success. Figures tell the tale, Over 200 people were present.

The Spring election is on hand. We can safely predict that Mr. Abraham H. Ackerman will be elected Freeholder for Orvil Township. The ready commotion of Mr. A. makes him one of the most valuable members of the County Board. Hehrens Township will elect Mr. James Devize

### Dr. B. Oblenis. Saddle River's First Mayor.

Dr. Bernard Oblenis died at the residence of his son-in-law, Andrew Waler, Sep. 11th, 1901, in the 75th year of his age. He was a man of marked ability, of notably good judgment and sterling integrity. He was unanimously chosen first mayor of Saddle River borough, in which capacity he served a period of five years. Dr. Oblenis was born at Clarkstown, Rockland Co. N.Y. Abandoning, because of his health, a successful medical practice in Paramus, he moved to Saddle River where he engaged in the manufacture of cardigan jackets, in the place now occupied by H. W. Costery Mill. The first of the name Oblenis in this country were French Huguenots, who were among the first settlers of Harlem, N. Y. In Hiker's "History of Harlem" may be found complete account of the family, which always occupied a prominent and honorable place in the town they helped to found.

## HOME.

From a DIRGE commemorative of the passage home of the remains of Abraham Lincoln in April, 1865.

By Richard Storms Willis.

Regretful bells are tolling,  
With mournful knell profound;  
Unwilling guns are booming,  
With dull and solemn sound!  
A pilgrim chief is passing,  
From 'neath the nation's dome  
To find from life's sad labors  
A resting place at home!  
Home, home, sweet, sweet home!  
For all the worn and weary,  
There's no place like home!

The assassin of the noble and beloved McKinley will soon perish, but the death of a thousand such as he can not atone for such a crime.  
Anarchy must go.

The school children, conducted by their teacher, took a run around the block, to enjoy a view of the fields and woods on a recent delightful afternoon in the early autumn. It was a pleasant sight to see them, and all seemed delighted with the pleasure of their little outing.

Charles Hepper has moved as farmer on Mrs. O. W. Jennings' place.

Chas. L. Packer of Philadelphia spent several days visiting relatives and friends in Saddle River.

Rev. M. L. Snyder preached an appropriate sermon on the death of President McKinley.

Mr. O. J. Victor, the well-known editor, favored the Lutheran Christian Endeavor with an entertaining and instructive address on Sunday evening, Sept. 8th.

Ed. Bennett, formerly with Packer, has moved to Paterson.

Mr. Western Wagar is the happy father of a handsome, bounding boy.

A recent cyclonic storm overturned many trees.

The change is new on the autumn leaf. The fields and forests are in their dying glory.
