Dear Mrs. Wardell:

My father, Edward Hamilton, was associated with the bank in Allendale for many years and the enclosed clippings describing "the great bank robbery" were among his things.

Events of 1938 may not be old enough in time to be considered historical so you may wish to file for the future. If, however, you do not wish to keep the clippings or have no place to store them, I would appreciate your returning them.

I enjoy the newsletter and appreciate all your efforts in providing it!!!

Sincerely,  
Betty Hamilton Wheatley
