Joanne Hart
96 Dale Ave
Allendale NJ 07401

Dear Joanne,

Thank you again for your time and effort on the Commerce Bank historic mural project. As I said on the phone, I have been running late on this project, and now "under the gun!"

As promised, I have enclosed a set of prints that we made from the negatives, plus a set of photocopies. We are looking for the following information for each picture, if known:

- date of picture (or circa date)
- location of picture (street, section of town, name of business shown, any historic significance or interesting details of photo)

Can you help identify these photos? I was thinking, these may be published in the book you showed me while I was at your house, and would include captions and/or descriptions. Please write any info you can on the photocopies that I've provided and FedEx back to me as soon as you can. You can use my account # 1000-9899-7.

Feel free to call me with any questions and/or concerns anytime. Thank you again for your invaluable help!

Sincerely,

Darren LoPrinzi
