center of the borough and the station in the event of an emergency. A motion was also passed that the police felephone be established under the new "extended scope" service, which would bring about a saving to the borough.

Councilman Rudolph advised that the borough purchase twenty-five new meters, and added that there were eighty-five which were no longer fit for use, which could be turned in for credit on the new meters. The figures showed that, with the credit received from the with the credit received from the old meters, the twenty-five new ones would vost the borough but \$123. The council agreed to purchase the new meters, after Super-Ackerson told Milton had been

intendent Milton Ackerson them that the old ones had in used for sixteen years. Councilman Burger introduced a esolution which was carried, em-Councilman Burger introduced a resolution which was carried, empowering Mayor Higgins to appoint a committee to be headed by himself, which would work with the surrounding towns on the promotion of a parkway plan for the new state highway which is to pass thru this section as a part of the bridge highway system.

this section as a part of the bridge highway system.

The final resolution was passed which made the procedure of tak-ing over the old school building an established fact. The resolution was read by Borough Clerk David M. Colburn, and adopted by the council
