Chairman

Dear Mrs. Wardell,
Thank you for your interest in sending me the information on John and Peter Fell, a very fine report and I appreciate the work that went into developing it.

My interest in the Fells began when I noted that Peter Fell signed Aaron Burr's marriage contract to Theodosia on July 6, 1782.

I am curious as to the possibility that Aaron Burr might have stayed with the Fells at some time or just previous to the wedding. I realize that a question like this can be the basis of a new legend however from reading your report I feel that you will realize that this is only a hypothesis technique that researchers must use. Any questions?

We have just formed the Wyckoff Historical Society and being a trustee I took your newsletter to our Board meeting as an example of what can (and should be done)

I shall continue to follow up on the wedding of Aaron and Theo and will keep you posted if I find anything on the Fells -
Thanks again -

Your most obedt & humble S^t
Alice J. Hunt
