

Wednesday morning -  
Jan. 29<sup>th</sup>

Dear Pat - It was a fine surprise and a real delight to receive your letter with the "Allendale History and Heritage".

What a worth while and interesting project it is and I trust it will continue as people get interested enough to support it.

Before I go any further I am going to ask two questions. Did your husband go to the school in Ramsey? I remember, at least I think I do, that there were several Wardell boys. The name rings a bell.

There were five Hubbards in our family - I was the

oldest and my sister Grace<sup>2</sup> Goetschius the youngest. In between were three boys - Ralph - two years younger than me was a farmer - for many years worked in that connection with projects connected with Rutgers University. He had a son and a daughter both married and have children. Ralph died two year ago. James - the next in line - died during the first world war aboard the Arizona -

John - is living - worked many years for the Telephone Co - now retired.

Grace - the youngest married a Ramsey boy - Wilbur Goetschius - They had two children - a boy and a girl - The boy died in the last war - The girl also died

When a young married woman  
her husband died also - The  
Two grand sons are being  
brought up by their grand  
parents - Maybe you are not  
interested in all this family  
history -

However, I know that John  
and Grace would like to know  
about your interesting project.  
I am enclosing their names  
and addresses and a check  
to cover part of the expenses  
for paper, postage, etc.

Sincerely and with all  
good wishes for success  
and continuing interest in  
"Allendale History and  
Heritage"

Sincerely

Mary G. Hubbard.
